BULGARIA.

BELGRADE, August 11.—The insurrectionary movement in Bulgaria has been entirely suppressed by the Turkish troops, and the proclamation establishing a state of seige in the Province was revoked. The Turkish Government charges Prince Charles of Rounai of secretly inciting and promoting the revolt.

A secret printing office had been discovered at Vallencea, Spain, where one of the recently published revolutionary journals was issued. Four compositors were arrested and sent to Fernando.

Po, the Lord Lieutenant of Ireland, is to be made Duke of Ulster.

Thomas Carlyle has been elected President of the Edenburg Philosophical Association in place of Lord Brougham.

The English and continental hop crop reports are not favorable at all.

In the French corn market, on the 30th, farmers were expressing themselves highly gratified with the quality of new white, and buyers showed very little disposition to buy at the prices demanded. In fact all the markets in Central France were giving away at Aubigny, in the department of Cher. The fall was not less than 8f—25c per hectolitre, and a heavy fall was expected in Paris, owing to quantities of new wheat having been brought to market at Algiers. On the 25th prices fell, notwithstanding the increased demand for Spain, which rendered holders somewhat firm in their tone.

A letter from Vienna says large quantities of wheat are coming forward from the Lower Danube and also of barley for England.

The Hungarian crops are splendid.

HALIFAX.

McDonald's Mission a Failure—Political Matters.

(By Telegraph to the Pittsburgh Gazette.)

HALIFAX, August 11.—Sir John A. McDonald and party left to-day for Quebec. Their mission is looked upon as a failure. The Legislature met yesterday; only a few were present, and little interest was evinced. The Attorney General said the Government would announce its policy in a few days, and he moved resolutions protesting against the union. The dispatch from the Colonial Secretary on confederation was laid before the House and ordered to be printed.

A repeal meeting was held at Weymouth, which is represented as highly successful and firm in its demand for repeal and nothing else.

The Kentucky Election.

(By Telegraph to the Pittsburgh Gazette.)

LOUISVILLE, August 11.—The *Courier* has returns from ninety-nine counties, leaving only thirteen small mountain counties to hear from, which last year polled only 9,000 votes, about equally divided between the two parties. It figures show a gain of 23,763 Democratic votes over last year, and a decrease in the Republican vote of 9,866, Stevenson's majority thus far is 88,137, and it will probably exceed 90,000, but will not vary 1,000 from that amount. Baker's vote in the State will be about 33,000, and Stevenson's about 114,000.

The Georgia Legislative Embroglio.

(By Telegraph to the Pittsburgh Gazette.)

ATLANTA, August 11.—In the Senate today the question was taken up as to sustaining the decision of the Chair which was that inasmuch as Bradley has resigned, he case was out of the hands of the Senate. The decision was sustained by yeas and nays vote of twenty against nineteen.

ALABAMA.

New Cotton—Veto of the Electoral Bill—Exciting Debate in the Legislature.

MONTGOMERY, August 11.—J. M. Tarble brought into the city this morning a bale of cotton, new crop. It classed good middling, weighed six hundred pounds and was sold at auction for 42½c per pound.

A flutter was caused in the Legislature to-day. Gov. Smith sent to the Senate, where it originated, a veto of the bill authorizing the Legislature to cast the electoral vote of the State. Governor Smith says, "After the most mature reflection I am forced to the conclusion that the bill is wrong in principle, and that it would be a dangerous precedent in a Republican Government. As my judgment does not approve the bill, it is my Constitutional duty to return it to the Senate with my objections. It cannot be but regarded as remarkable that the first Republican Legislature convened in Alabama shall, in the face of the principles of its organization, which every Republican professes to hold dear, deny not only the colored but the white man the right of his vote to indicate his choice for President and Vice President of the United States, and take the matter in its own hands. What excuse can there be for it? Is it mere party expediency? If so, then it is an an abandonment of principles or an acknowledgement that the material out of which the Republican party is composed cannot be trusted; in other words, it is to sap that the colored men will not do to be trusted. This action of the General Assembly will be regarded as still more remarkable when considered in connection with what seems to have been the almost unanimous opinion of the leading members of the Republican party of Alabama. It was believed by most of them, and so represented at Washington, that a large majority of the voting population of the State was in favor of the new Constitution. This was as much as to say that the Republican party was in a large majority in the State for it. It is well known none but Republicans favored the Constitution, and even some of them opposed it. If the party is as strong as has been supposed, then the necessity of party expediency does not exist, but even if it did exist, would it be justifiable in resorting to it? Inasmuch as I desire the election of Grant and Colfax, I am unwilling to become a party to that desirable result to a schism which practically denies the very principles for which those standard bearers stand pledged before the country."

The message gave rise to a warm discussion and caused much bitterness. Sibley, Coon and other extreme radicals were violent in their expressions about the Governor. Mr. Coon strongly urged the defeat of the veto and said the object of the men who were sustaining the Governor in this matter was to get up a war. If the war must come let it come, he was ready for it and ninety thousand freemen of Alabama would give the opposition a belly-full of war before it was over. He would stand by the Republican party of Alabama in the war and victory would perch on its banner.

Mr. Jones replied to Mr. Coon and told him his remarks were revolutionary, but that if he wanted war he could have war and the war would last until none of his sort desecrated the soil of Alabama. He said he was a Republican, but when war is talked about and Alabamians are to be slaughtered, he would be found on the side of his own people—those in this bright and sunny but oppressed land, to whom this country and the government of it justly belongs. He said he could raise a squadron of town boys and whip out everything the gentlemen from Iowa could bring out against him. He could marshal 2,000 colored men to follow his banner in defense of Alabama and Alabamians. The colored men of intelligence knew that carpet-baggers were not their friends and a squatter would desert them in the hour of peril and need.

The debate was conducted altogether by the Republican members, there being but one Democratic member in the Senate.

Without action the Senate adjourned till five o'clock P. M. It is not likely the bill can become a law over the Governor's veto. The Legislature will probably adjourn tomorrow.

MONTGOMERY, August 11.—The consideration of the veto message of the Governor was postponed until one o'clock to-morrow. A great many members have already left the city.

The following card from Mr. Jones will appear in the morning papers:

Senate Chamber, August 11, 1868.—Having been denied the privilege of replying in the Senate to Mr. Coon's incendiary remarks in the Governor's office on the morning of the 11th of August, I hereby publish said remarks to the best of my recollection: He said to the Governor that "he would not leave here until some measure was adopted for the protection of those whom he calls loyal men, that if any Union blood was spilled in Dallas county, he would lay the houses of Dallas county and the city of Selma in ashes."

Diseased Meat in New York.

(By Telegraph to the Pittsburgh Gazette.)

NEW YORK, August 11.—This morning five car loads of Indiana cattle, destined for Hudson City yards, arrived over the Erie road, and were detained at the old slaughter house west of Bergen Hill, when it was ascertained most of the cattle were healthy; but four or five were ailing, which were immediately ordered to be killed and rendered. Dr. Morris, of the New York Board of Health, has been stationed at the Bergen yards to inspect all cattle on arrival. Dr. Morris states that of the thirteen head purchased in the New York yards apparently healthy all were attacked with disease before they could be driven to West Chester county and were slaughtered, and that large quantities of diseased meat has been sold in this market, and that notwithstanding the extraordinary precaution to preserve the health, the deaths last week from the diaria disease exceeded those from sun stroke, during the recent heated term; that these deaths were principally middle aged persons and their sickness was mainly attributable to diseased meat. He says, however, it is safer to eat meat now than a week or ten days ago before precautionary measures were taken to prevent diseased cattle entering the city.

Vermillion Gold Mines.

(By Telegraph to the Pittsburgh Gazette.)

ST. PAUL, MINN., August 11.—At a meeting of the Trustees of the Chamber of Commerce, yesterday, Col. W. H. Noble gave a full report of the Vermillion gold mines. He speaks encouragingly of the prospects. The Chicago Company extracted two hundred and three dollars in bullion from one ton; the Buckeye Lode two hundred and twelve dollars, and the Minnesota Mining Company's vein one hundred dollars. No one ton had yielded less than fifty dollars.

News is received from the Philadelphia excursion party that they reached Fon Dulac in good health and spirits. Gen. Cass' party was, at last accounts, proceeding finely.

ATTORNEY GENERAL EVART'S OPINION.

The opinions of the Attorney General on the subject of the legal effect of appointments made at this time by the President which it is considered will cover the whole ground of all the questions which have arisen concerning the Commissionship of Internal Revenue, the Alaska Collectorship and offices to which appointments are thought to be pending, will probably, when completed, be handed to the Secretary of the Treasury, inasmuch as it will more properly refer to circumstances within the jurisdiction of the Treasury Department than elsewhere.

The Cattle Disease at the Albany Stock Yards.

(By Telegraph to the Pittsburgh Gazette.)

ALBANY, Aug. 11.—Since last night's report between twenty and thirty Illinois cattle out of three or four hundred head have died at the East Albany yards of the Texas wood tick disease. The work of the insect seems to be confined thus far to Illinois stock, and droves from that State are very generally shunned. Few or none of them are bought without a guarantee from owners of their perfect good health. Choice extra Kentucky and Ohio steers, common 9a9¼c; medium and lower grades have fallen off ¼c since yesterday, and two or three thousand head remain unsold. No change in the sheep or hog trade.

From the Oil Regions.

PLEASANTVILLE, August 8, 1868.

MESSRS. EDITORS: I propose to tell you what is going on in this excited little village. It is fast growing into importance, and will doubtless soon change its name. To reach this new oil field is an easy task compared with what it was in 1862. If Col. Phillips would only give us a sleeping car on the A. V. R. R, one could go to sleep in Pittsburgh and wake up at six in the morning in Venango City. At this point you cross the river to Oil City (that was) and take the Oil City and Titusville Railroad at 6:25 A. M. and arrive at Titusville about 7 o'clock, thence by every description of conveyance you reach Pleasantville, a distance of five miles, in one hour. There, a sight presents itself that baffles description, you can stand on one point and by swinging round the circle count one hundred derricks towering like so many ghostly monuments to the spirit of departed expectations. A few of the oil pioneers have already been successful. The "Baldwin" well is said to yield 170 barrels per twenty-four hours; the "Fisher" well 150; the "Grant" well 140, and a few others nearly as much. We would not like, however, to pay for the quantity said to be produced by any of them. Still they are, without doubt, good paying wells. There is no longer any of that murderous hauling of oil with horses through miserable roads, most of the oil being conducted through pipes from the tanks at the wells directly to Pithole or Titusville, where it is loaded on the cars, each of which carry two iron tanks which are filled by means of pipes in a few minutes. The wells at this place average a depth of 850 feet and are sunk at an average cost of $4,000, making the snug little sum of $400,000 to be distributed among the laborers of the county. Carpenters readily obtain five dollars per day and others in proportion. Land sharks are asking $3,000 per acre for good territory, and many of them are busy trying to sell before they own it themselves. There is more caution among operators (owing to the fact that a burnt child dreads the fire) than in 1862-3; still the fever is higher, and no wonder, when the commercial thermometer indicates over five dollars per barrel.

Every available spot on the avenues of this village are readily leased at sums surprising in amount, for the uses of lawyers, merchants and traders. $100 for a small lot, for one year, in a poor locality, is considered cheap. Houses spring up as by magic. What are known as saw and hatchet men make No. 1 carpenters here. Science is useless, the houses are all put together with nails and as few as possible at that. There is a large hotel going up which has graced more than one locality previously, and such is much needed, as there is not half the accommodations required, if you omit the whisky accommodation. I never saw such a place for drinking and profanity; the children swear like troopers before they are knee-high, and most of the men collected here drink as naturally as a duck will swim. I was glad to see one young man, who was belching out oaths and blasphemy almost as thick as the gas out of the wells, suddenly shut up by the Justice of the peace, who told him to stop or he would make out a commitment on sight. Speaking of the gas, which is very abundant apart from the wells, it was to me surprising to see one well send out sufficient gas to answer all the purposes of fuel and light to three others in progress; at the same time the well was furnishing nice, cold water enough to supply a dozen of engines, and pumping 150 barrels of oil besides. The gas is conducted in pipes from the well into the furnace and escapes through a perforated pipe in quantity as required. No coal or wood whatever is needed, and, to my mind, it only required some appliance for oiling the engine to make a perpetual motion out of it. One of the wells supply the whole place by propping a piece of two inch gas pipe perpendicularly and setting fire to the volume of gas escaping from it. This burns day and night and is very beautiful at night, as well as very useful. It is a very good thing to own a fifty barrel well now, with the little expense attending it, as above described. $17.50 per week—the weeks have seven days here, one more than in the Smoky City—to all but some. Oh, shame! that man, made in the image of God, and destined to live forever, should be so filled with the lust of wealth as to disregard the laws of his Creator and ignore that sacred day in seven, which is so much needed by tired nature, and the immortal soul within. Cæsars love for the Gods should put to the blush our modern worship. He was an idolater. We have knowledge. He lived ignorantly, while we sin in the face of the clearest light and in defiance of the laws of God and man.

Committee on Naturalization—Hon. W. C. McCarthy, Dr. A. G. McCandless, Louis Roll.

The following resolutions were offered by N. P. Reed, Esq., which were unanimously adopted:

WHEREAS, The country has hardly recovered from the dreadful shock sustained by her commerce, agriculture and industries, through the war waged by armed legions of traitors who aimed at the life of our Government, and the subversion of free institutions, than the standards of revolution and repudiation are again hoisted by the party which has ever been arrayed against the army of the North and the progress of human liberty; Therefore,

Resolved, That in the crisis of to-day it behooves all loyal citizens to again buckle on the armor of patriotism and go forth to defeat the same old enemy vanquished and made bend for mercy at the mouth of the cannon and before our victorious hosts.

Resolved, That having full knowledge, gleaned from a golden record of golden deeds, of the patriotism, sagacity, shrewdness, tact and ability of our Great Captain, Grant, the loyal masses are willing to place in his keeping the proudest office in the gift of the people.

Resolved, That in Schuyler Colfax the country recognizes a moral hero who cannot do wrong, a statesman whose judgment, prudence and ability the nation cannot spare, and whose very name is a tower of strength to the Union ranks which must inevitably lead to victory.

Resolved, That Horatio Seymour is unworthy the confidence of those who watched and prayed that rebellion might be crushed during the dark and bitter hours of trial; and that his colleague, Frank P. Blair, is a daring politician who, for personal aggrandizement and place, would rush his country into the depths of revolution and the miseries of another terrible civil war.

Resolved, That we pledge ourselves to use our best endeavors to secure the election of Grant and Colfax, the loyal peoples' choice, and that "Work and Vigilence" shall be our motto henceforward till the nation shall rejoice once more in the grand vindication of the hallowed principles embraced in the Chicago platform, and for the consummation of which a prolonged and terrible war was waged.

On motion a Committee of five, consisting of James Sleath, Stewart Dalzell, Albert Moore, John Wandless and Charles Meyran, was appointed for the purpose of districting the ward, and report the same at the next meeting.

Short addresses were made by Hon. J. K. Moorhead, Hon. W. C. McCarthy, Dr. A. G. McCandless, N. P. Reed, James Robb, Mr. Snively and John S. Robb, Esq.

On motion, the Club adjourned to meet on next Tuesday evening at seven and a half o'clock.

Seventh and Eighth Wards.

The Seventh and Eighth Wards Grant and Colfax Club held a meeting last evening at the Franklin street School House, which was largely attended and quite enthusiastic. The interest in the cause is decidedly on the increase, and at each meeting of the Club the list of names is considerably augmented.

The President stated that in obedience to a call he attended a meeting held last Saturday evening for the purpose of organizing a Central Club, at No. 66 Smithfield street. After a statement of what had transpired at the meeting the following resolution was read and unanimously adopted by the Club:

Resolved, That it is the sense of the Seventh and Eighth wards Grant and Colfax Club that to organize the proposed Central Club for the purpose expressed by those favoring the measure, is to organize discord and conflict with our County Executive Committee and result in the disintegration of our local Clubs, and, therefore, we instruct our delegates to the next meeting to oppose said organization and counsel and advise the harmonious workings of our present organization under the County Executive Committee.

On motion *Resolved*, That Messrs. Hartman and Neuman be appointed a committee to represent this Club at said meeting.

A Committee of five was appointed to draft rules for the government of the Club. The Committee are Messrs. Hartman, Neuman, Kilgore, Rebman and Walter.

The Committee on Music was authorized to organize a Glee Club. The Committee consists of Messrs. G. W. Gillespie, D. L. Fleming, V. G. Elliott and H. W. Glenn, to which were added the names of Messrs. W. G. Dunseath and Geo. B. Chalmers.

The various Committees reported progress, from which we learn that the organization is in a flourishing condition as regards efficiency and finances.

After a discussion in reference to matters pertaining to the interests of the campaign and arranging some preliminaries of the Committees, the Club adjourned till next Tuesday evening at 7½ o'clock.

Enthusiastic Meeting in Mount Washington—Grant and Colfax Club Organized.

The largest meeting ever held in the thriving and progressive borough of Mount Washington assembled on Monday night. The greatest enthusiasm was manifested and there were given such signs of earnestness as to insure the conclusion that the banner borough will sustain its high reputation for loyalty and devotion to principle in the approaching campaign. Able and spirited addresses in English were made by W. S. Purviance, Esq., and Hon. T. J. Bigham, and in German by J. F. Zoller, Esq. The speakers were frequently interrupted with storms of applause, and every reference to Grant and Colfax called forth the heartiest cheers. A fine brass band was in attendance at the meeting and with soul-stirring music enlivened the proceedings.

A Grant Club for the campaign was permanently organized, with the following officers: President, D. B. Ferguson; Vice Presidents, Isaac Whitten, James Noble, Philip Huffman; Secretaries, R. H. THE ALLEGHENY SCHOOLS.

Meeting of the Allegheny Board of Control—The Geography Question—An Adjournment Without Deciding.

The Allegheny Board of School Controllers held a special meeting last evening in the Common Council Chamber City Buildings.

The meeting came to order at half past seven o'clock. Rev. J. B Clark in the Chair and R. B. Francis, Secretary; Rev. Clark led in prayer. The roll being called the following gentlemen answered to their names:

The President stated that the object of the meeting was to take into consideration the adoption of a series of text books in Geography for the use of the schools.

Mr. Pitcairn moved the adoption of Guyot's series of Geographies.

Mr. Lea moved to amend by substituting Warren's series instead of Guyot's.

Mr. Lea called for the yeas and nays on the amendment, resulting as follows:

Yeas—Messrs. Barr, Brown, John K., Dunlap, Eaton, Francis, Kollock, Lea, Lockhart, Mussler, M'Cance, Richey, Thorn, Torrence, Tremble, White.—15.

Nays—Messrs. Brown, John, Jr., Barker, Borland, Chadwick, Grouard, Ingham, McClinton, Pitcairn, Young, Alex., Clark.—10.

The President stated that according to the rules it would require nineteen votes to adopt any text book.

Mr. Alex. Young moved to adjourn, which was lost.

Mr. Barr called for the report of the Third ward School Board.

The President stated that no other business except that for which the meeting was called could be taken up, and as he understood the object of this meeting was for the special purpose of adopting a text-book in Geography for the ensuing school year, consequently all other business was out of order.

Mr. Barr asked if this was not an adjourned meeting, which meant a continuation of the regular meeting.

The President said he did not so consider it.

Mr, Pitcairn said the motion adopted at last meeting calling for this one said nothing about an adjourned, but called for a special meeting.

Considerable discussion here ensued on the question whether the present meeting was an adjourned or special one

Mr. John Brown, Jr., finally moved that the minutes of the regular meeting be read regarding this point. Adopted.

The Secretary referred to his minutes, but no information was elicited from them which would decide the question.

Mr. Pitcairn now moved to adjourn, which was carried.

So the question on the adoption of a text book in Geogoaphy remains unsettled. Although advisable to have it settled as speedily as possible, yet the discussion cannot fail to do much good and will doubtless result in the adoption of the best series.

Oil Items.

The well owned by Messrs. Snyder, St. John and Adams, on the Atlantic and Great Western Petroleum Company's property, on Church Run, is being tested with a good prospect of being a paying institution.

A new well was struck on the Blood farm, Oil Creek, a day or two since, and on Saturday last was producing at the rate of ninety barrels per day. Two wells on this farm which were not producing on the 21st of last month, have since been started up and are now producing about one hundred and forty barrels in the aggregate. This product with the new well mentioned above, increases the total production of the farm to nearly, if not quite, six hundred barrels per day.

A new well is being tested on the South side of the river at Oil City. On Saturday it was reported to be producing from fifteen to twenty barrels per day. Another one is being tested on the North side, within a few rods of the mouth of the creek, and with some prospect of yielding lightly.

The McClintockville Petroleum Company are making preparations to exhaust the water from a portion of their territory on the H. McClintock farm.

The Gross, Carll & McCoslin well on the Herbert farm, commenced pumping at six o'clock Friday last, and is producing about 110 barrels per day. It is 10 rods Northwest of the Fisher Well No. 2, which has within the last two days increased to 240 barrels, actual measurement.

The Titusville *Herald* thinks that a green oil belt will be developed on a direct line between Stamburg and Enterprise.

DEMOCRACY.

Do you want to see the greenbacks as plenty as the leaves
That strew the ground in Autumn beneath the forest trees;
And make your dollar equal to the smallest nickel coin?
Then heave ahead, my beauties, and with Cops. and rebels join,
And raise the Democratic shout for Seymour and Blair.

Do you think that Thomas Jefferson, that ancient Democrat,
Who wrote the Declaration, was an ignorant old flat?
Because he published to the world that highfalutin strain
'Bout equal rights to all mankind, and showed an addled brain?
If so, then vote for Seymour and his adjutant Frank Blair.

Do you wish to see the rebels whom we thrashed in sixty-five,
Arrayed again for battle and as wickedly alive
To drive their blows at Liberty and fire upon her flag,
And cut the throats of loyal men "and flaunt their rebel rag?"
If that's your wish, then cast your votes for Seymour and for Blair.

Let all repudiators and all rebels fall in rank,
And give their very loudest shout for Seymour and for Frank,
For all their ammunition will be needed in the fight,
When they meet with Grant and Colfax, and loyalty and right—
In the storm November's brewing for Seymour and for Blair.

—The first sewing machine was invented by a German citizen of Vienna, in 1815. There is still extant a cotemporaneous description of its wonders, but Madersperger, the inventor, was not the sort of man calculated to successfully introduce it, and despite the importance of the invention the public mind was too much occupied by the Napoleonic wars to allow any impression to be made upon it without much pushing. The next machine we hear of was invented some five or six years before the Howe, by Mr. Corliss, of engine fame. This machine was in constant use in his family, and he fully intended to have it patented but was so busied with his new engine that he neglected it until it was too late.

RIVER NEWS.

The river continues to recede slowly at this point with only twenty-five inches in the channel by the metal mark last evening. The weather yesterday was cloudy and unsettled with several showers of rain in the afternoon.

No arrivals and none expected. The Camelia, if she did not get off last night, will leave for St. Louis early this morning. Captain Jesse Dean is in command, with Messrs. Russell and Splane, associated together in the office.

—The price paid by Captain Davis for the Mayflowr was $40,000, half cash.

—A Pomeroy and Parkersburg packet was hard aground at Eight Mile Friday, awaiting a rise.

—The Belle Vernon, Pittsburg to St. Louis, passed Cincinnati on Saturday, with about all the freight she wanted.

—The New Orleans *Crescent* says that the Emma No. 2, lately sold by the U. S. Marshal for debt, has been taken to Mobile.

—A Cincinnati paper says: The Kate Robinson from Pittsburgh will go through to St. Louis if some engagements of freight can be made for her at Louisville.

—The Maj. Butler a new boat, was launched from Howard's ship yard, at Jeffersonville, Saturday afternoon. She is a propeller yacht, and is intended for the Southern waters.

—The steamer Lizzie Gill had one hundred Texas cattle for Cairo, but, by order of the Sate authorities, was not permitted to discharge. She took them to St. Louis, for which point she had two hundred more.

—The wreck of the Goldfinch, including the hull and machinery, was sold at auction at Evansville on Saturday, to Capt. Henry Scott, for $1,400. The machinery will be put in a new boat being built there by Capt. Scott.

—More than a hundred citizens of Dubuque, including many of her best business firms, indorse the recent call for a convention in favor of the Mississippi and Lake Michigan canal, to be held at Prairie du Chien, October 20th.

—The towboat Sam Parker, bound up stream with a tow of empty barges, and the towboat Charley Bowen, bound down with a tow of coal, collided opposite Dover on Friday afternoon, causing one of the loaded barges of the latter to sink.

—The wife of Capt. Blossom, of St. Louis, was in the pilot house of the steamer Miner, on Missouri river, at the mouth of the Yellow Stone, on the 25th of July. A gale coming up, she started to go below, was struck by the wind while on the hurricane deck and carried overboard.

—A Cairo correspondent of the Cincinnati *Commercial* gives the following details in regard to the sinking of the Mollie Burns: The steamer Mollie Burns, H. G. McComas, master, bound from Cincinnati to St. Louis, left here at 9 P. M. last night, and struck a snag, or wreck, at Head Bird's Bend, four miles above Cario Point, causing her to sink in two minutes, in about fifteen feet water. She was kept off the bottom, however, by the snag upon which she had run, until it rested nearly under her boilers, and the water this morning was only eight feet over her main deck aft, and eight feet forward. As her cargo consists principally of 1,400 bbl cement, she has been slowly settling, and fears are entertained that she will break in two and prove a total loss. The wrecking-boat Underwriter went to her assistance this morning, and may be able to get chains under her before she breaks. No lives were lost, although engineer Thos. Blanchton and watchman Wm. Nelson were missing for ten hours after the accident. They had been knocked, or jumped overboard when the boat sunk, and while the engineer swam ashore to Cairo, the watchman not being a good swimmer clung to a fender, which he could not force to the shore until he drifted ten miles below on the Missouri shore. He then walked back across the bend to the boat, and was hailed as one rescued from the grave. The engineer arrived about the same time, from the opposite shore. Capt. McComas had his family on board. A German woman, a deck passenger with two children, could not understand English, and could not be made to understand the nature of the accident. A negro deck hand attempted to rescue her and children to upper deck, but she broke from him three times, pulling the children with her down the ladder. A large hole was at length cut in the cabin floor, and the woman and children drawn up with ropes, after the boat had sunk and the woman was floating in the water. A portion of the cement was for Cape Geardeaw and Chester, and 700 bbls for Bissell's Point, three miles above St. Louis. The Rubicon, Capt. Blake, arrived a few hours after the accident, and took the passengers to St. Louis. Capt. McComas brought his family to Cairo.

THE Republicans of Centre County having concurred in the nomination of Mr. WM. H. ARMSTRONG for Congress in the Eighteenth District, it is now tolerably certain that he will be the candidate.

The Republicans of Centre County have nominated Col. THEODORE GREGG for Assembly.

OUR PAPER of yesterday fell like a red hot shot into the Democratic ranks. The record was too much for the leaders, and it will keep them occupied all summer in explaining that their party does not court a new rebellion. Rally your forces, gentlemen, our ammunition of the same sort is inexhaustable and we are not expected to deal with you mercifully. Every charge must break and thin your ranks.

THE Record of the Democratic Rebellion, which appeared in yesterday's GAZETTE, has created a profound impression upon the public mind. As an effective and convincing summary of Democratic menaces against the public peace, it was everywhere accepted as the most serviceable document which the campaign can furnish. A copy of this Record should be placed in the hands of every voter in Pennsylvania, and the earlier the better.

A REQUISITION signed by more than one thousand Republican voters has been made on JAMES ROBB, Esq., requesting him to permit the use of his name as a candidate for Mayor of Pittsburgh. Mr. ROBB complies and announces that he is in the field with the hope of securing the nomination. He will doubtless develop much strength at the ballot-box, being one of our oldest, most widely known and respected business citizens, and a gentleman of sound practical ideas and hard common sense. The correspondence bringing him out will be found on our eighth page.

OUR DEMOCRATIC READERS owe us a vote of thanks for having published in yesterday's edition more unadulterated, genuine democracy than has found its way into the two organs of their party in this city since the commencement of the campaign. Of course our motives for so doing were not so much to secure the triumph of SEYMOUR and BLAIR, as to fully educate the people in the somewhat clouded subject of democracy, as interpreted at various points throughout the country. We hope the publication will do the opposition some good—in opening their eyes to the true position they occupy, and bring them over to the never swerving Union Republican party.

DEATH OF THAD. STEVENS.

THAD. STEVENS, the noble old commoner, is no more. Surrounded by his friends, he passed last night into the dark valley of death as calmly as sinks the innocent babe into slumber. America has new cause for mourning, for she have lost one of her most gifted sons and sturdiest of patriots. No longer will his brave arm be raised in defense of the defenseless; never again will his heart beat in sympathy with his poor and oppressed fellow-beings; never more will his voice ring out defiance to the enemies of his country and sound the warning when traitors aim at the life of the Government; nor will again his eagle eye, now dull in death, seek out and detect the stabs made in the name of patriotism at the heart of Liberty. He is gone. His country has no tears too worthy his worth. As all that is left of him will be lowered to the grave, a mighty nation, bowing in submission to the will of God, will be moved to grief and sadness and bewail the loss which has fallen upon them. He lived to see the day dream of his life accomplished. No rattling of the chains of his fellow beings in bondage, no sound of the slaveholder's whip, no yell of the bloodhound in search of human prey, fell upon his ears as his soul fluttered betwixt life and death. He died knowing that his country was forever free from those relics of barbarism, and that the flag he had adored floated over a one united people cemented together in a pure and holy freedom.

Mr. STEVENS was born in Caledonia county, Vt., April 4th, 1792. He graduated at Dartmouth College and came to Pennsylvania in 1814, and commenced teaching in an Academy, and while engaged in that occupation studied law and was admitted to practice. He was a member of the State Legislature in 1833-4-5-7 and 1841, and in 1838 was a member of the State Constitutional Convention and in the same year was appointed Canal Commissioner of the State. He served from the Lancaster county district in Congress in the thirty-first, second-sixth and following sessions up to the present term.

The lateness of the hour at which intelligence of his death was received prevents us from writing any more extended notice of the life of this great man, but his history is known to most of our readers, as he figured in such a conspicuous manner in the affairs of the nation as to render his name as familiar as a household word to all American citizens.

MASKING OF BATTERIES.

Some days ago, the Charleston *Mercury* frankly confessed that word had been sent throughout the Southern States, by Northern Democratic leaders, that the belligerant tone of their orators and journalists was doing harm to SEYMOUR and BLAIR, and must be abated. The citations we made yesterday from those speakers and newspapers show that the admonition was not given a moment too soon, but was in fact delayed too long.

On the 9th inst. the South Carolina Democratic Convention, perceiving there was force in the caution, formally resolved that while the Southern Democrats meant to accomplish all the purposes they had avowed, they intended to do so by peaceful instrumentalities. The hypocrisy of this profession is patent. The threats were too loud, and deep, and earnest, and universal, to admit of that explication.

WADE HAMPTON appeared on the scene and had the effrontery to charge all his apparent truculence and blood-thirstiness upon the reporters of the press, who had strangely conspired, in various cities, to pervert his meaning. That will not do, Mr. HAMPTON. In ninety-nine cases of every hundred, when a public speaker complains of the reporters, he is moved thereto by finding occasion to deny what he actually said. All newspaper men know this to be a fact, and so do most individuals of the general public.

Mr. HAMPTON spoke in a number of places, and democratic journals concurred substantially with Republican ones in the reports made of his addresses. The Charleston *Mercury* itself reported him as broadly for a fresh rebellion, as any other newspaper. Was *that* journal in conspiracy against *him?* In making such a statement, even inferentially, he disgraces himself. He knows he is falsifying, and so does everybody else.

THE LOYALTY of the Democratic leaders was impeached during the war; but many charitable Republicans could hardly be persuaded that the charge was just. But those leaders have themselves proved the justice of the accusation in the extreme alacrity with which they received some of the bloodiest of the rebels to party fellowship, and even gave them the privilege of dictating the platform of the party. In the New York Convention no man had greater influence, or wielded more power than WADE HAMPTON, one of the fiercest enemies the country had during the rebellion, and no man was more honored, petted and lionized than FORREST, the butcher of the unarmed garrison of Fort Pillow. It is folly now for any man, be his condition in life what it may, to pretend to be loyal to his government who supports that party and that ticket. A man is known by the company he keeps. Let honest men come out from among them.

THE Alleghenians have respectfully addressed a request to the candidates for Assembly, among whom they have but a single representative, (Hon. JAMES L. GRAHAM), that a pledge be given that the question of consolidation, so far as their city is concerned, be waived at the next session of the Legislature. There is nothing more in the request than justice and honor demand, and we hope the candidates will at once settle all anxiety on the part of our Allegheny friends by entering into the promise. The consolidation question will hardly revive unless the people of Allegheny desire that it should. Any project pointing to the coercion of our sister city into Pittsburgh will never meet with any public favor, and it never should.

THE PRIMARY ELECTION.

We again remind the Republicans of this city that the Primary Election will be held on next Saturday, and that it will be conducted on the "Crawford County System;" that is, the candidates will be selected by direct vote of the constituency, and not through the intervention of delegates. If this system shall be found to work well and acceptably in the present instance, it will doubtless be continued, and the application of it extended, whereas if unsatisfactory nominations shall result, it may be abandoned and the old caucus method be restored. The voters have it entirely in their power to say who shall be the candidates, and whoever among them shall refuse or omit to turn out and exercise his privilege, or rather perform his duty in the premises, will be effectually estopped from reasonable complainings thereafter.

The Candidates to be selected are for Mayor, Controller and Treasurer. The municipal consolidation that has been accomplished, partial as it is, added materially both to the relative and intrinsic importance of these three offices, and made it of increased consequence that due care be exercised in designating proper persons to fill them.

While the duties of the Mayor have been augmented by the extension of territory and the consequent increase of population, the dignity of the office has not been raised proportionally. A sub-division of the labor devolved on the incumbent is absolutely necessary, and besides insuring greater efficiency of administration, will produce other beneficial results. It is time the Mayor ceased to be mainly a Police Magistrate; and this our citizens will abundantly find before they have experimented many years longer.

The expansion of the city limits and the improvements following necessarily thereupon, have caused the posts of Controller and Treasurer to be magnified very greatly. The importance of these stations will steadily augment with the increase in population and wealth.

It has been observed that those citizens who grumble most sorely over the unwise or mal-administration of municipal affairs are commonly the ones who do least, or perhaps nothing to have the right men put into places of honor or responsibility. Carrying out the ideas of the division of labor which they put into practice in ordinary business pursuits, they wash their own hands of politics by surrendering the management thereof to professional politicians, and finding matters do not go in accordance with their views of expediency or of right, they become discontented, and fall to denouncing managers. If their disquietude induced them to go back and take up the the burden of citizenship they cast from their own shoulders, altogether careless as to who appropriated it, or to what end it was applied, the temporary affliction would end propitiously.

The choice for a candidate for Mayor seems to be narrowed down between JARED M. BRUSH, JAMES ROBB, and CHARLES JEREMY; for Controller, between THOMAS STEELE and R. J. MCGOWAN; and for Treasurer, between WILLIAM A. TOMLINSON, A. J. COCHRAN, A. J. ALLENDER and WILLIAM LITTLE. There is good material here for each of the places to be filled; as good as can well be desired. True, the names of other citizens might have been brought out. Whose fault is it they were not? It devolved on citizens who thought other names to be desirable, to first secure the consent of the owners of them and then to bring them before the electors. Failing in that, they have no body to reflect upon but themselves. But, to what end multiply names? What is needful is not more names to select from, but a concentration upon the best offered, particularly when the best, as in the present case, are as excellent as need be. Let us make this point emphatic. What is necessary is for those citizens who have deep stakes in the proper administration of the city government is to concentrate their votes at the Primary Election on the best man for each of the three offices; and to see that none but Republicans vote at the Primary Election of the party. This done, such a result will be reached as will ensure not only success, but a wise and just administration.

THE PERILOUS CHARACTER of the emergency which made necessary the application of the Governor of Louisiana for the intervention of the Federal authority to maintain the law in that State, has been fully sustained by the officially reported facts showing the existence of revolutionary secret organizations among the rebels, expressly for the purpose of outrage upon Union citizens. The danger has not diminished, and while the President temporizes and hesitates, the rebel designs gain in audacity and completeness of detail. As late as on the 4th instant, it transpired at New Orleans that a plot was on foot to create a disturbance, using "colored Democrats" as the stool pigeons, when inflammatory speeches should provoke aggressions from the Republicans of the same race, whereupon the organized Thugs of the city should, as a whole, take part in the affair and commence the systematic slaughter of all the prominent white Union men. This plot has been exposed and steps have been taken, effectually it is hoped, to prevent its consummation. It is evident that throughout Louisiana, as in other Southern States, the re-inspired rebels are fully prepared, and awaiting only the signal for a general carnival of murder, rivalling in atrocity that which reddened the streets of New Orleans with blood two years ago.

Campaign exigencies have evolved no less than fifteen lives of General Grant. He will need them all if he expects to live long enough to be President of the United States.—*N. Y. World, August 10th.*

If this paragraph from a leading Democratic journal means anything, it foreshadows another Presidential assassination. Let the *World's* menace be remembered with the similar declarations which we have already copied from the Southern rebel press. It is evident that WILKES BOOTH has supplied to the Democratic platform a permanent plank of peculiar efficiency.

THE QUESTION IS ONE OF PEACE OR WAR.

FRANK BLAIR has uttered his threat and WADE HAMPTON has made his report to his rebel constituency of South Carolina of the part he played in the New York Convention; and now the alarmed Copperheads of the North are begging their hot-headed co-partisans of Dixie to talk more moderately until after the election. HAMPTON forgot that his words would be heard at the North when he told the crowd of rebels around him that the Copperheads had freely allowed him, as the leader of the rebel wing of the party, to dictate the terms of the platform, and give direction to all that was done. He did say so, and his words are on record, and can never be recalled. It is folly to shut the cage after the birds have flown. It is too late to deny now that another rebellion is determined upon, unless the country can be brought under the rule of the men who for four terrible years fought to destroy the Government.

Should SEYMOUR and BLAIR be elected, there is no doubt but that the programme is to nullify all the legislation under which seven, perhaps eight, of the seceded States have been restored to the Union. Every vote given for that ticket is to be counted as a declaration on the part of the voter that all those laws are "unconstitutional and void." The fourteenth article of the Constitution, which has just been adopted, and which stands as a bar to the recognition of the Confederate war debt, and to claims arising from the emancipation of slaves, will fall with that legislation, because the votes of a part of these reconstructed States were essential to its adoption; and if they are invalid, then that article is not yet a part of the Constitution.

What then? We will tell you, fellow countrymen, if you endorse the platform adopted at the New York Convention, by electing that ticket, you may prepare yourselves for the payment of the rebel war debt and of claims arising from the liberation of the slaves. That article provides that neither of these debts shall never be recognized as valid; but if, by your votes, you say that that article shall not stand as a part of the supreme law of the land, you thereby virtually declare in favor of the opposite proposition, and you may never be able to get over the effects of your own mad verdict. By that vote, you will throw the whole weight of your government into the scale of the "lost cause," leaving all those who battled for the Union in the war of the Great Rebellion no remedy save submission to the men against whom they fought.

It is fortunate that the rebel orators have been as blatant and as outspoken as they have been, and that FRANK BLAIR made the war trumpet give no uncertain sound. The country is warned in time; and if after being so warned, it makes choice of such men as its rulers, it will deserve to be plunged into all the horrors of confusion, anarchy and war, all the evils arising from both political and financial ruin.

Governor SEYMOUR in his letter is more cautious, and tries to cover up the cloven foot of his party which the others had so rashly protruded; yet, in covert and bated terms, in one brief sentence of his letter, he endorses all they have said. Speaking of Republicans of a conservative type, he remarks: "*They must now see that the Republican party is in that condition that it cannot carry out a peaceful policy.*" These are pregnant words, and show that he regards the warlike utterances of his partner on the ticket, and his rebel supporters, as made in downright earnest.

DURING the war of the rebellion, the Democracy were divided into a war faction and a peace faction. The war faction fought desperately against the Government; the other—the Northern or Copperhead faction—opposed the war in defense of the Government, and so were a peace faction. So long as the rebellion lasted the Republicans were a war party. Now, the rebellion being crushed out and most of the seceded States restored, they are for peace, while the entire Democracy are working to bring on another war. That is the issue. Let every man who desires another civil war cast his vote for SEYMOUR and BLAIR, and let him who prefers peace and union to strife and bloodshed—who desires to see the American people prosperous and happy, rather than ruined, torn and miserable, vote for GRANT and COLFAX. For the correctness of all this we simply refer to the public declarations of the leading men of both parties.

IT IS understood that lawyers of repute counsel the railway companies that they cannot legally discriminate between sound and diseased cattle, but are bound to transport either sort when called upon to do so. There is nothing so uncertain as lawyers' opinions of what is or what is not law. It would be just as rational to maintain that the Pennsylvania Railroad Company is bound to let men broken out with the small pox ride at pleasure between here and Philadelphia, as that it is under obligations to carry diseased cattle when called upon to do so. Common sense is law in ninety-nine cases out of a hundred; and when it isn't, the fault is not with it, but with the law. The obligation of a Railway Company to transport pestilence is not found in common sense or in law, but in the crockets of men who insist not on the essence of things, but upon technicalities.

AN ESTEEMED correspondent writing from Graffenburg Springs, Pa., says: "The crops are fine through Adams, York and Franklin counties. The harvest being over county tickets are being nominated and both parties are rolling up their sleeves for the work. Old soldiers who fought under GRANT are disgusted with the SEYMOUR ticket and will go Lo-co-fo-co Re-bel-lion ism no longer under the sugar coated name of Democracy. Democracy this year means war—rebels trying to get power to give pensions to the widows and orphans, wives and children of the rebel soldiers who tried to destroy our Government, but the soldier understands it and can't be cheated. I am told by those who known that Franklin county is *sure* for 250 for Grant."

OF the cattle disease in Illinois, the Chicago *Republican* says:

We have received information to the effect that the malady is raging, if possible, with increased violence around Cairo. It is abating, inasmuch as it has done almost all the harm it could, in and about Farina, but is as rife as ever on the tracks of the Texan herds east and west of Tolono.

The introduction of the diseased stock in the Eastern markets, and particularly at New York, has created an intense excitement among dealers and consumers. The Board of Health in that city, being advised of the forwarding of the infected cattle from Pittsburgh, took prompt and decided action as early as Saturday last, for the exclusion of the meat from consumption as well as for the destruction of the entire lot, living and dead. The State authorities of New York, New Jersey and Pennsylvania have also been appealed to, and have pledged their hearty co-operation in giving efficacy to any legal measures for protecting the people from any repetition, by drovers or railway corporations, of their shameful raid upon the public health.

ADA ISAACS MENKEN, actress and harlot, died in Paris yesterday. Her's was an eventful life into which was crowded much sin and wickedness. Above all women she was responsible for the introduction on the American stage of that style of drama which depends so much for success on the muscular development of female interpreters. She is dead, and in her grave let the amours, faults, sins and wickedness which marked her rapidly lived life be buried. Fair and frail, she has passed away, having contributed nothing to the elevation of her sex during her brief span of years, but turning the charms with which she was endowed by her Creator to please and intoxicate prurient men and excite their basest passions, she in her own depravity lowered woman in the estimation of the world.

Choosing Electors by the Legislature.

Several of the Southern Legislatures are considering bills which change the mode of choosing electors of President and Vice President. It is proposed to give the power of electing them to the respective legislatures. This was the old usage in many of the States in the earlier period of our history. In this State it was the law from 1792 till 1824. When in 1800, owing to the finesse of Aaron Burr, the Republicans obtained a majority in the legislature, Governor Jay was importuned by a leading federalist to call the old legislature together, that the vote might be given against Mr. Jefferson; but it was not done. In South Carolina the legislature has always retained the matter in its own hands.

Several of the States adopted the rule of electing Senatorial electors by general ticket and district electors by Congressional districts. But under the auspices of the administration of General Jackson this practice was also set aside, and the mode of election by general ticket adopted. The result has been that several of the Presidents since 1840 have not received a majority of the popular vote. Mr. Polk was a minority President, and so was Mr. Buchanan. —*N. Y. Post.*

THE SUTRO TUNNEL SCHEME.—The intelligent California correspondent of the Chicago *Tribune* writes in opposition to the attempt to make the United States pay for a mining tunnel—known as the "Sutro Tunnel"—designed to aid private speculators. He says that not a day's work has been done on the tunnel, that the enterprise is purely a private one, and that if it were likely to be profitable private enterprise would complete the tunnel.

IS YOUR DISEASE RHEUMATISM?

Many persons, supposing they are suffering from this disease, have applied Linaments, Plasters and other Rheumatic Remedies without obtaining any relief, when in fact the cause of pain is a derangement of the Kidneys. These are small organs, but very important, and any obstruction or interference with its functions are indicated by pain in the back and loins, languor and weakness, difficulty in avoiding and unnatural color of the urine. A Diuretic should t once be resorted to.

DR. SARGENT'S

Liuretic or Backache Pills

Can be relied on for these purposes; they have a direct influence on the cells of the kidneys, assists nature in relieving them of any foreign particles, and mulates them to a healthy and vigorous action

Dr. Sargent's Backache Pills

SHATTERED CONSTITUTIONS.

Our constitutions are elastic. They are not easily shattered. In fact, strictly speaking, Death alone can shatter them, for they represent the reserve of vitality, which enables the enfeebled system to react, when the pressure of disease is removed from it. But it is the fashion, when the body is weak, the circulation languid, the nerves tremulous and the mind depressed, to say that the constitution is ruined, or broken down, or shattered. In cases of the kind described, administer HOSTETTER'S STOMACH BITTERS and it will soon be seen how little ground there is for this stereotyped note of alarm. The tonic and alterative properties of the specific, rapidly diffused through the whole organization by the stimulant which forms the basis, will immediately create a favorable reaction, and this reanimating process will go on as the medicine is continued, until strength, health and mental activity are completely restored. Every day cures of this kind are accomplished. Let the debilitated invalid, when told by his condoling friends that "his constitution is shattered," have recourse at once to this strength-recruiting preparation, in which the finest stomachics and alteratives of the vegetable kingdom are represented, and he will soon be able to meet their gloomy forebodings with a confident smile, and to announce that he has taken a new lease of life under its vitalizing operation.

CURE OF FISTULA.

DR. KEYSER: I write to thank you for your kindness and scientific management of my disease, for which I called to consult you some time in January last. You will remember that I had a complication of diseases, which finally ended in a terrible fistula, which I had been advised to "let alone," on account of a harassing cough, which it was feared might fasten it on my lungs. I knew that the peculiar mode of treating diseases like mine was by a cutting operation, which, if successful at all, would naturally throw the disease upon the lungs or some other vital organ, on account of the suddenness of the cure and the immediate check to the discharge, which I believed was a salutary provision of nature to get rid of some morbid condition of the system. I feel perfectly satisfied that your method of treatment, purifying the system, and local applications to the fistulous part, must cure, if anything could, without cutting, which I find it did, and I am happy to report myself well in every particular, with sounder and better health than I have had for years. I would also add that the applications you made were almost painless, and have left me a new man, with all the energies and vigor of restored health.

Yours, gratefully, I—— C——.

Wanted immediately, all who are looking for business to call and examine the HYDRAULIC COW-MILKER—"a sure cure for aching hands and kicking cows." One man can attend several machines, milking as many cows at once. It is simple, durable and self-adjusting; will fit any cow; milks three-teat cows as well as any; easily worked; not liable to get out of order, and has proven by practical use to be more agreeable to the cow than hand-milking. A rare opportunity is now offered to enterprising men, either to travel or locate in city or country. Call and examine for yourselves.

PILES.

There is no medicine in use so efficacous as Dr. Roback's Blood Purifier and Blood Pills for the permanent cure of Blind or Bleeding Piles; they strike at the root of disease, thereby removing the cause.

Sold by all Druggists Everywhere.

TEMPERANCE.

There is, perhaps, no one thing that has done so much to promote the cause of temperance as that gentle stimulating tonic, Roback's Stomach Bitters; they strengthen and invigorate without producing the ill effects of alcoholic stimulants.

Sold by all Druggists Everywhere.

LIVER PILLS

Are Pills that have a direct and powerful action o the liver, and relieve any inactivity or congeste state of that all important organ upon which denedds the whole process of digestion. The importance, then, of procuring a Pill that shall have such direct action without the ill effects of mercury, is manifest to every one; such Pills are Roback's Blood Pills; they are warranted purely vegetable, and can with certainty be relied upon, and are safe at all times.

Sold by all Druggists Everywhere.

INDIGESTION

Is but another name for Dyspepsia, and the parent of many ills. Roback's Stomach Bitters taken in wine-glass-full doses, directly after each meal, will surely effect a permanent cure. Do not take our word for it, but try them.

Sold by all Druggists Everywhere.

NIGHT MARE

Is one of the many diseases of which Dyspepsia is the parent. To effect a cure persons should avoid hearty food at night, and take a wine-glass-full of Roback's Stomach Bitters on retiring to bed.

Sold by all Druggists Everywhere.

RENOVATE.

During the Spring months it is one of the regular household duties to renovate, and, in the multiplicity of other duties one's own self is, in a great measure, overlooked; thousands of valuable lives might be prolonged, and many doubtless saved from premature graves by thoroughly renovating the system with Dr. Roback's Blood Pills, Stomach Bitters and Blood Purifier.

Sold by all Druggists Everywhere.

MELANCHOLY

Is one of the many disorders of the nervous system, arising from a low state of the constitutional health or severe prostration after long continued sickness, and requires invigorating remedies like Roback's Stomach Bitters to restore the nerves to their natural vitality.

Sold by all Druggists Everywhere.

WHO SELLS THEM?

The Agents for the sale of ROBACK'S BLOOD PILLS, STOMACH BITTERS and BLOOD PURIFIER are all Druggists everywhere.

☞ **REPUBLICAN**

CITY CONVENTION.

The Republicans of the City of Pittsburgh are hereby invited to attend Primary Meetings in their respective Wards on

SATURDAY, August 15th, 1868,

Between the hours of **3** and **7** P. M., and there vote for candidates to be placed in nomination for the several city offices, viz:

One person for Mayor of said city.
One person for Controller of said city.
One person for Treasurer of said city.

The voting at said meetings will be by printed or written ballots, containing the names of the candidates voted for, each office on a ticket by itself, and the elections, as far as practicable, will be conducted in accordance with the laws and usages regulating State, county and city elections, the officers taking care to keep a correct list of all persons voting thereat.

The elections will be conducted, wherever it can be done, by the Republican election officers chosen at the last city election; and in wards where no such officers were chosen, the officers to conduct the election have been designated, as hereinafter mentioned, by the City Committee.

The Committee suggest that the officers thus designated to hold this election shall voluntarily take the usual affidavit administered to election officers under the laws of the State, so as to shut out all cause of complaint.

The election in the First and Second Wards will be held at the Public School Houses in said wards.

In the Third Ward at the Public School House.
In the Fourth Ward at the Public School House.
In the Fifth Ward in the office of the Clerk of the Orphans' Court, at the Court House, under the supervision of W. B. Neeper, George Glass and R. J. Smith, who are appointed the Board to hold said election.
In the Sixth Ward at the Public School House.
In the Seventh Ward at the Public School House.
In the Eighth Ward at the house of Henry Wilson.
In the Ninth Ward at the Public School House.
In the Tenth Ward at the house of Wm. Brown, at the corner of Penn and Mechanics streets.
In the Eleventh, Twelfth, Thirteenth, Fourteenth, Fifteenth and Seventeenth Wards, at the usual places of holding elections in said wards.
In the Sixteenth Ward at the Wigwam, corner of Pearl and Main streets, under the supervision of Noah G. Craig, Roland Smith and John C. Stewart.
In the Eighteenth Ward at the place of holding elections for what was heretofore known as the 3d precinct of Collins township, under the supervision of David Jones, David Holmes and David Kirk.
In the Nineteenth Ward at Joseph Ganster's house on the Greensburg turnpike, under the supervision of John N. Berlin, Wm. H. Morrison and James Joyce.
In the Twentieth Ward at Beitler's School House, under the supervision of Wm. H. Denniston, Geo. F. Rahauser and John R. Baum.
In the Twenty-first Ward at Wigwam (now built) in said ward, on the land of George Flinn, near sand wash, on the corner of Spring street and the Puckerty road, under the supervision of A. J. Woolslayer, S. B. Ross and B. W. Morgan.
In the Twenty-second Ward at Irwin's School House, under the supervision of John R. Murdock, William Irwin and Randal Morton.
In the Twenty-third ward at the usual place for holding elections in late Peebles township, under the supervision of Joseph Boals, James B. Palmer and James McKibben.

Every supporter of GRANT and COLFAX and the city nominees is earnestly invited to take part in said election, *and none other;* and the election officers are hereby respectfully urged to use all possible diligence to preserve the purity of the ballot box and secure a fair return of the votes cast.

The election officers after the votes are counted, will make up duplicate returns thereof, one of which, with the list of voters, shall be placed in the ballot boxes, and the other taken possession of by the Return Judge; and the Return Judges of the several wards shall present the same at a meeting of Return Judges, to be held at the Common Council Chamber, on TUESDAY, August **18**th, at **10** o'clock A. M., when they shall cause the same to be added together, and declare the result, the person receiving the highest vote for each office to be declared the nominee.

The Return Judges, at their meeting, will appoint the City Executive Committee to serve for the ensuing year.

The Committee desires to call the attention of the Election Boards to the following resolution, which was adopted at the last meeting of the Committee:

Resolved, That we recommend to the officers of the Primary Election the enforcement of all legal rules respecting the qualification of voters at general elections, in addition to the requirement that the voter shall be a known member of the Union Republican Party.

A resolution was also passed authorizing the Election Boards to fill all vacancies occurring in the officers of their respective districts.

FINANCE AND TRADE.

OFFICE OF THE PITTSBURGH GAZETTE, TUESDAY, August 11, 1868.

—The New York Stock quotations to-day as received by Mr. Ph. R. Mertz, were as follows: Gold 146⅛; 1881's, 115⅜; 5-20's, 1852, 111⅜; do 1864, 110¾; do 1865, 112¾; do new, 108⅛; do 1867, 109; 10-40's, 109¼; Cleveland & Pittsburgh 87⅜; Fort Wayne, 108½; Western Union Telegraph 34⅛; Adams Express, 52¼; Erie, 57¾.

—From statistics of the Petroleum trade, just prepared, we learn that the total production of Refined Oil in the Pennsylvania Oil region, and the possitive production of it from the amounts of Crude Oil that have reached the refineries at New York, Cleveland, Pittsburgh, Boston, Philadelphia and Baltimore, and other points, from January 1st to July 1st, was 1,275,582 barrels of 45 gallons each. From the same statistics we learn that the total amount of Crude and Refined Petroleum produced in and shipped from the Oil regions of Pennsylvania, as shown by the current statistics during the last six months, was 2,832,767 barrels.

—The public debt statement shows that the Treasury held August 1, 83½ millions in coin, and the receipts have since been at least 3½ millions more, making 87 millions now in the Treasury, of which about 65 millions belongs to the Government. As the current receeipts for customs will, in all probability, exceed the payments to be made for interest in September and November, the coin balance in the Treasury will be increasing until January 1, 1869. This is a decidedly favorable showing for the bear side of the gold question. Even if the Secretary does not sell gold, the accumulation in the Treasury, showing his ability to do so at any moment, will hold speculators for a rise in check. The purchase money for Alaska will probably be remitted in coin—in fact one million of the amount was shipped on Saturday; but as the receipts from customs average over half a million per day, there will be no depletion of the amount in the Treasury if there is not over three millions sent out per week, and there probably will not be over one-third of this amount. As the estimate of the amount of gold in the Treasury belonging to the Government has been from thirty-seven to forty-five millions, it would seem impossible for the bulls to sustain the market long under the information contained in the debt statement.

—Closing quotations received by James T. Brady & Co.:

Gold, 147; U. S. 6's, 1881's, 115⅝; 5-20's, 1862, 114⅝; 5-20's, 1864, 110¾; 5-20's, 1865, 112¼; 10-40's, 109¼; 5-20's, January and July, '65, 108⅜; 5-20's, January and July, '67 108; '68, 109¾; June 7-30's, par less ¼ July 7-30's, do ¼ August 118⅜; Sept. 118¼ Oct. 118; Union Pacific Railroad, 102; Central 103.

PITTSBURGH MARKETS.

OFFICE OF THE PITTSBURGH GAZETTE, TUESDAY, August 11, 1868.

The general theme of conversation in commercial circles is in regard to the crops, and the views put forward, both *pro* and *con*, are very conflicting. It begins to look now as if the yield of Wheat is large, considerably larger than for several years, prsbably not so good in quality in some localities, and as a consequence it is altogether likely that both Wheat and Flour will rule lower. The stock of Grain in the Western markets, particularly Wheat, is unusually large, and with big receipts and only a moderate demand for export, it does look as if the bottom had not been touched, however unpleasant it may be for parties who have staked their all on an upward movement, to contemplate. It is to be hoped for the general good of the country, that Breadstuffs will rule lower, and that the day will soon come when it will not take all a laboring man can make in a week to buy a barrel of Flour.

BUTTER—The market is dull and under the influence of increased arrivals and a diminished demand, prices are tending downward; 30 to 33 for prime to choice.

EGGS—Exceedingly dull with a supply largely in excess of the demand; we now quote at 16 to 18.

CHEESE—Is reported quiet but steady at 14 to 15 for Western Reserve and Hamburg 16 to 17 for Factory; and 19 to 20 for Sweitzer.

HAY—Is coming in pretty freely and the market is dull and drooping; Sales at Allegheny dimond market of 84 loads at $20 to $28. Straw sold at $18, which also is a decline.

GRAIN—Wheat is coming in quite freely mainly consigned to the mills; the market, however, is quiet and unchanged at $2,10 for prime Red and $2.15 to $2,20 for prime White. Corn is hardly as firm as it was a day or two since and the demand is light; we quote at $1,10 to $1,12 for prime Yellow. We can report sales in lots of about 1,200 bushels old Oats, in elevator, at 82; New crop may be quoted at 70 to 72. Rye is quiet and nominally unchanged, at $1,50 for old and $1,25 for new. We have not heard of a single transaction in Barley this season, as yet, and as a consequence there are no prices established.

GREEN APPLES—In steady demand, and we can report regular sales at $3,50 to $5,50 per bbl.

POTATOES—Continue exceedingly dull and prices are nominal at $3 to $3,25 per barrel.

SALT—Is dull and nominally unchanged at $1,75 to $1,80 to the trade and $2 for small lots in store.

PROVISIONS—Bacon is in steady demand and firm at 13¾ to 14 for Shoulders; 16½ to 18½ for Ribbed and Clear Sides, and 21½ to 22 for Sugar Cured Hams. Lard 19½ for kettle rendered. Dried Beef 21½. Mess Pork $30.

LARD OIL—Is fim but unchanged at $1.15 for No 2 and $1,40 for not.

FLOUR—Is quiet and dull but unchanged. We continue to quote at $10,50 to $11 for Srping wheat; $10,75@11,50 for Winter wheat and $9,25 to $9,50 for Rye Flour. Mill prices unchanged.

PITTSBURGH PETROLEUM MARKET

OFFICE OF THE PITTSBUGH GAZETTE, TUESDAY, August 11, 1868.

CRUDE—The crude market continues quiet and dull, with but very little doing and no material change in prices. We can report 1000 bbls on spot at 14, 1000 for, August, seller, at 14 and 1000 for September, seller, at 14 and 1000 for October seller, at 14 making a total of four thousand barrels, which, comparatively speaking, is a very light days business. Notwithstanding there is but little doing, the market is steady and prices are pretty well snstained fourteen cents having been the ruling price for some days. At Oil City business is also very light, tho ugh there, as here, prices remain unchanged.

REFINED—The Refined market is also dull and neglected with but little doing, and prices seem to be receding slightly. For instance, August sold to-day at 34 for first and 34½ for last half, 1,500 bbls in all, and this we may remark were the only sales reported. September, in the absence of sales, may be quoted at 34¼ to 34½; while the demand both for present and future delivery seems to have fallen off very materially, there is but little oil offering, as the most of our refiners are well sold up and many of them for sixty and even ninety days ahead. Were it not for this, the market would doubtless have broken before this, as in its present condition it would not stand up long if any considerable amount of oil was thrown upon the market.

ARRIVALS—The following are the arrivals of oil to-day:

The Pittsburgh Gazette.

PORTLAND, ME.

Commercial Convention, Small Attendance, Free Trade Excursion Party—Portland Harbor—The Forts—Diamond Cove—Cushing Island—Maine Liquor Law.

Correspondence of the Pittsburgh Gazette.

PORTLAND, ME., August 7, 1868.

Before this will reach you, you will have heard all about the Commercial Convention which has been held here. A few persons from abroad, some of whom happened to be summering here, and a few Portlanders constituted the Convention. They assembled in a corner of a splendid and spacious Hall, talked, passed some resolutions, took an excursion down the bay and adjourned. The objects, we think, were local, a new railroad to the West and reciprocal trade with the Provinces. Remarks favoring free trade were applauded. To this view New England is fast inclining. Her commerce, a great source of her wealth, has suffered severely for eight years, the war driving trade to foreign bottoms, destroying many of her ships, compelling increased insurance, and now, by a tariff necessarily high, diminishing imports. The Convention we regard as a failure. Even the citizens of Portland did not engage heartily in it. One or two men, ever eager for notoriety, unpopular men, got up the Convention, figured largely themselves and showed their wives and daughters. The very small number—about one hundred—who went down to the islands, in the fine large steamer "John Brooks," one of the regular line from Portland to Boston, shows that the whole thing was unpopular at home.

Beautiful for situation is Portland harbor. Travellers have ever admired it, comparing it to Naples. The city rises gradually from the sea, and stands on a long strip of land far out so as to present a full view of its trees, churches and dwellings to the entering ship. The harbor is deep, admitting ships drawing twenty-two feet of water, to any of its docks—is capacious enough to admit and retain securely the nation's fleet—the tide rises from nine to twelve feet, and the largest merchant-ship can, day or night, enter without a pilot. The piers built for the Great Eastern some years ago allowed her thirty feet at low water. It is one day nearer Europe than New York. Three forts, "Preble," "Scammel" and "Gorges," show plainly what an enemy's ship might expect. It is well sheltered and is very seldom obstructed by ice. It was down this beautiful harbor that our large steamer, with a few passengers in the bow and stern, and a fine band of music, passed yesterday. The lover of seclusion could there have been accommodated, far from human face or voice, so few were the company, composed of citizens and convention. The sky was clear, the water smooth, and the cool breeze refreshing. The city recedes rapidly, Fort Gorges is passed, and we are among the green islands. The little steamers are plying between city and islands, laden with pleasure-seekers, the numerous fishing and pleasure boats are dancing on the swelling waves; the sober coasters are slowly plowing the sea, the astonished islanders are lazily sitting on the banks or standing in the doors of their dwellings, gazing at our steamer so far from her accustomed course, and the gay parties of pleasure in their favorite places of resort wave their clouds of handkerchiefs. Now we pass Diamond Cove—most fitly named—made illustrious by poet and painter where, we remember, the arch-rebel enjoying New England hospitality and plotting treason with unsuspected friends partook of a fish chowder in 1860. Now we sail along the neat cottages and churches, and waving fields of Great Chebeague, now old White Head appears in the distance, where years ago we stole the eggs which the sea gull had deposited in the sand, and near which flocks of them floated gracefully on the heaving sea, and now Peak's Island is seen, a famous summer resort, and flags are waving and hundreds of fair ones are engaged in their sports with lovers and friends. Passing outside the island where the limitless sea is seen, we return by Cape Elizabeth, where are the Atlantic House and Ocean House with their splendid beach, and the Cape Cottage, a popular house, opposite the Cape is Cushing Island owned by Mr. Cushing, of Canada, who a few years ago purchased it and erected the Ottawa House, at an expense of $40,000, commanding a fair view of the ocean, and a favorite resort for the subjects of Her Majesty. So after feasting our eyes on charming islands, gems of the seas, on rocks, and ocean, on fishes in the water, and birds in the air, on beautiful women and noble ships, all to the soft notes of music, we returned to the harbor delighted with the excursion—a free trade, part of the convention of which we heartily approved, protectionists as we are.

We have often heard persons in favor of free liquor, affirm in Pittsburgh that there is as much liquor drunk in Maine, in spite of the Maine Law, as ever. This we have denied. We spent three weeks in this State, in city and country, on wharves and in hotels, in cars and on boats, and in all this time did not see a single person at all intoxicated. Persons who do sell, import or smuggle their liquors, and do it under a penalty, as they commit any other crime.

Mount Washington is 6,234 feet high and not 1,800 feet, as I was made to say in a former letter. S.

The Petroleum Trade.

[From the Philadelphia Ledger.]

There was considerable activity in the petroleum trade in this city during the past week. The following vessels cleared during that time: Bark Fruiterer, for Rotterdam, with 99,201 gallons; brig Madeira and bark Freitag, for Genoa, with 205,397 do.; bark Kosmos, for Hamburg, with 114,891 do.; ship Montgomery, for Antwerp, with 257,347 do.; barks Mathilde add Schiller, for Bremen, with 218,814 do.; brig Speed, for Cork, with 93,479 do.; bark Freeman, for Havre, with 254,090 do.; schooner Gibson, bark Brunswick and brig Nigretta, for Marseilles, with 354,090 do.; brig Eliza McNeill, for Barcelona, with 133,744 do., schooner Glengary, for Gibraltar, with 50,926 do., making a total of 1,779,701 gallons. The following vessels are now chartered and loading: 4 ships, 14 barks and 6 brigs.

The annexed statement shows the amount of petroleum exported from Philadelphia since the first of January, 1868, as compared with the same period in 1857:

Last week, 1,779,701 gallons; previously in 1868, 20,475,771 gallons; same in 1868, 6,673,644 gallons; total in 1868, 22,255,-72 gallons.

A WRITER in the *Independent* says: "It not long since, that we saw the trunks of New York woman, whose father was a spectable dry goods jobber, marked 'Madne la Marquise de ——,' the name being at of one of the oldest of French nobili-. There are American countesses by the ore, and baronesses by the hundred, nly one American woman, we believe, is worn the coronet of a duchess; but ere is one, the daughter of a New York ocer, who is a princess, and related by arriage to Her Most Gracious Majesty ueen Victoria."

THE GRAND-CHILDREN ARE COMING.

BY HENRY WARD BEECHER.

After all, what is the use? We set up our house, and one by one the children fly into it, like birds out of some foreign wood into a cage—one, two, three, four, and more. With each one comes also a cry; and that is the key-note to which a hundred sorrow add their voices, and gradually swell into that strange chorus which men call human life! For each child there is to be a fringe of care on the edge of every day. Each child brings burdens and anxieties. Tears in their eyes are but harbingers of many more in the eyes of all who love them! To shape them from infancy to goodness, to teach their hands to drill their heads, to repair their mistakes and secure firm footing in an honorable manhood, who can measure the thought, the feeling, the endeavor? And then, when the long task is done, is there no compensation? Or do they not, one by one, detach themselves, and, like comely fruit, fall from the bough, on which they grow, leaving it bare and empty?

That daughter—just as she began to be a full companion, to repay all the labor of her training—is snatched away by some one who has known her fewer weeks than the parents have years; she goes. The house is empty of her. Her room, her drawers, her books and school tasks, fondly preserved, carry a sadness to the mother's heart every time they are looked upon. The boys, almost before you dream that they have ceased to be boys, come asking the father's blessing on a new comer. By the time that father or mother are conscious of age and infirmity, the whole brood is scattered and gone. The house is solitary. It used to be straightened for room when the children were at home, but now there is room too much. It used to be noisy, but now one might dose all day, for all the noise. Only the fire snapping out suddenly, or the drowsy old clock ticking behind the door, or a kitten mewing to get in, or to get out, or a squeaking rat or mouse, make an audible noise. When the children are all home, a man is like a Norway spruce, whose well-grown branches, beginning from the level of the ground, rise up in a perfect pyramid, shaping the tree to exquisite proportions. But each child married is a bough lopped off; leaving a wide space, until the parent trunk is finally trimmed up like a shaft, and all the verdure left clinging about the top.

In European communities, the children often marry and settle down around their childhood home. But this is rare in America. The endless circulation that is going on sweeps away the children; and to be married is almost synonymous with going far away from home.

All this, Mr. Bonner, describes my state of mind last week. It is very different now. Word has come that the grand children are coming home. Coming home? What! both the children? and their mother? for a good long visit? Bless their little hearts, let them come. There's nothing in this house too good for them. Now, then, we shall have a household once more. Children are the flowers which God sends down from Heaven to enliven and cheer this life. What was I saying a little back, about the care, and anxiety, and pain, and trouble, of bringing them up? Stuff—mere stuff, Mr. Bonner, I assure you.

Don't believe a word of it. I was surely in a dream. It was a half nightmare. I am awake now and do assure you that he who is fit to have and rear children, will see ten, yes, a hundred joys to every sorrow, and the sunshine of their smiles will turn into rainbows every tear they shed or cause to be shed.

If there is anything in this world that pays as it goes along, it is taking care of children. Raising flowers is all very well. But flowers have in them no mischief, they behave too well, they lack human nature, they need the irridescent qualities of disposition that flash from the surface of every child's life. Children a trouble? Do they pout? fret? disobey and go wrong? Don't you with your asters and honeysuckles? What would you give to have a singing vine, or a flower that could learn to say its prayers!

Why, trouble in the nursery is a parent's pastime. If one don't believe it let him be left for awhile without children. He will soon be glad to hear that the grand-children are coming home?

Well, we must get ready for them. Let the drawers be filled with candy. Get out the crib, and put up the dear little narrow bed again.

Hunt up the dolls, the wagons, the play house, the picture books, the strings. Where are the tall chairs for the table, and the little cups, and knives and forks for a child's hand? It looks like living again!

Now we shall be waked up in the morning by a chubby rogue climbing up on the bed, and playing tricks with my eyes and nose! Then will come the trooping down to breakfast, and all the table antics. Then we will go up to family prayers and what a time those children will make of it. Children are not natural worshippers!

But how patient will we be! Nothing shall fret us. Already we are more robust and shall let out the buckle of our girdle one or two holes. In short, the grand-children are coming; and in bringing themselves back to us, they bring back the childhood of their parents, too, and bring us back to ourselves!—*New York Ledger.*

SINGULAR ACCIDENT TO AN OX.—Wednesday morning Mr. Harvey Collins, of Scarboro, Me., found one of his oxen in his pasture with his horn run through one of his hind feet. It was evident the ox had taken the foot to scratch his head or drive the flies away, and caught it on the end of the horn, the horn passing about two inches through the foot and throwing him upon his back, where he remained until found. The ox, which was one of the most valuable in town, was so badly injured by the wounds and bruises that it was found necessary to kill him.

UNION PACIFIC RAILROAD.

700 MILES

OF THE

UNION PACIFIC RAILROAD

Are now finished and in operation. **160** miles of track have been laid this spring, and the work along the whole line between the Atlantic and Pacific States is being pushed forward more rapidly than ever before. More than twenty thousand men are employed, and it is not impossible that the entire track, from Omaha to Sacramento, will be finished in **1869** instead of **1870**. The means provided are ample, and all that energy, men and money can do to secure the completion of this

GREAT NATIONAL WORK,

At the earliest possible day, will be done.

The UNION PACIFIC RAILROAD COMPANY receive:

I.—A GOVERNMENT GRANT of the right of way, and all necessary timber and other materials found along the line of its operations.

II.—A GOVERNMENT GRANT of **12,800** acres of land to the mile, taken in alternate sections on each side of its road. This is an absolute donation, and will be a source of large revenue in the future.

III.—A GOVERNMENT GRANT of United States Thirty-year Bonds, amounting to from **$16,000** to **$48,000** per mile, according to the difficulties to be surmounted on the various sections to be built. The Government takes a second mortgage as security, and it is expected that not only the interest, but the principal amount may be paid in services rendered by the Company in transporting troops, mails, &c. The interest is now much more than paid in this way, besides securing a great saving in time and money to the Government.

IV.—A GOVERNMENT GRANT of the right to issue its own FIRST MORTGAGE BONDS, to aid in building the road, to the same amount as the U. S. Bonds, issued for the same purpose, and *no more.* The Government permits the Trustees for the First Mortgage Bondholders to deliver the Bonds to the Company only as the road is completed, and after it has been examined by United States Commissioners and pronounced to be in all respects a first-class Railroad, laid with a heavy T rail, and completely supplied with depots, stations, turnouts, carshops, locomotives, cars, &c.

V.—A CAPITAL STOCK SUBSCRIPTION from the stockholders, of which OVER EIGHT MILLION DOLLARS have been paid in upon the work already done, and which will be increased as the wants of the Company require.

VI.—NET CASH EARNINGS on its Way Business, that already amount to MORE THAN THE INTEREST on the First Mortgage Bonds. These earnings are no indication of the vast through traffic that must follow the opening of the line to the Pacific, but they certainly prove that

FIRST MORTGAGE BONDS

upon such a property, costing nearly three times their amount, ARE SECURE BEYOND ANY CONTINGENCY.

The Union Pacific Bonds run thirty years, are for **$1,000** each, and have coupons attached. They bear annual interest, payable on the first days of January and July, at the Company's Office, in the City of New York, at the rate of six per cent. in gold. The Principal is payable in gold at maturity. The price is **102**, and at the present rate of gold, they pay a liberal income on their cost.

The Company believe that these Bonds, at the present rate, are the cheapest in the market, and reserve the right to advance the price at any time.

Subscriptions will be received in Pittsburgh by

JAMES T. BRADY & Co., corner of Wood and Fourth Streets;

HART, CAUGHEY & Co., corner of Wood and Third Streets;

S. McCLEAN & CO., 75 Fourth Street;

AND IN NEW YORK

At the Company's Office, No. 20 Nassau Street, and by

JOHN J. CISCO & SON, Bankers, No. 59 Wall Street, and by the Company's advertised agents throughout the United States.

Remittances should be made in drafts or other funds par in New York, and the Bonds will be sent free of charge by return express. Parties subscribing through local agents, will look to them for their safe delivery.

A PAMPHLET AND MAP FOR **1868** has just been published by the Company, giving fuller information than is possible in an advertisement, respecting the Progress of the Work, the Resources of the Country traversed by the Road, the Means for Construction, and the Value of the Bonds, which will be sent free on application at the Company's offices, or to any of the advertised agents.

Having obtained of the United States Letters Patent for a Safety Jacket which is warranted to resist the most intense heat that may be addplied to it in the position and purpose for which it is intended. It is a sure protection from accidents by fire, originating from defective flues, or where iron pipes are used as conductors for smoke or heat. It is applicable to all piping that may become overheated, and is warranted to give perfect satisfaction where wood or other combustible material may be placed in close proximity thereto. I am now ready to apply my invention to stores, dwellings, factories, ships, steamboats, railroad cars, &c., wherever pipes as conductors are made dangerous by being overheated and security desired. CITY AND SUBURBAN.

Daily Prayer Meeting—From 12 M. to 12:30 o'clock at the Rooms of the Christian Association, No. 23 Fifth street.

Being Graded.—Manhattan street, in the Fifth ward, Allegheny, is being graded preparatory to paving.

Solid Foundation.—The foundation for the new City Hall will be laid in on large flag stones, which are now being delivered.

Vacancies Filled.—The School Directors of the old Fifth ward have elected Miss McDonald and Miss Roland to fill the vacancies in the board of teachers in that ward.

Preparatory.—The Fifth and Sixth ward School Houses, Allegheny, are being thoroughly renovated and repaired, preparatory to the opening of the schools in September.

Small Row.—Mayor Drum yesterday fined Henry Lapp and Joseph Ropp five dollars each for creating a row at a ball held at Eberhardt's Beer Garden, Troy Hill on Monday evening.

Break Down.—A wagon loaded with oil barrels broke down on Rebecca street yesterday afternoon. It obstructed the running of the passenger cars somewhat, but was quickly unloaded and removed.

Committed.—Mayor Drum, yesterday, committed disciples of Bacchus to the county jail ail on their own confession. It must go pretty hard with a man to confess that he is the slave of a habit which takes away all his self respect.

Meeting To-night.—The Third Ward, Allegheny, Grant and Colfax Club will hold a meeting this evening at 7½ o'clock, in Col. George Gerst's hall, corner of Second street and Madison avenue, for the purpose of perfecting their organization.

Arm Broken.—A little daughter of George R. Cochran, Esq., of Allegheny, while playing with children on Sampson street, on Monday evening, received a severe fall by which her arm was broken at the elbow. Dr. N. W. White attended to the injury.

Another Adjournment.—The Republican conferees of the Twenty-third District, after balloting and discussing all day on Monday, adjourned to meet again on Monday, August 17th. The last ballot stood the same as the first one of the first meeting.

Cut His Board Bill.—William Morgan made information before Alderman Thomas, charging Charles Butler, a colored man, with obtaining board to the amount of $50 under false pretence. Butler was arrested and held to bail for his appearance at Court.

Alleged Fraud.—A. Hartman alleges that August Hoslinger obtained goods from him to the amount of seventeen dollars, and that he is about removing from the State without paying for the same. Alderman Mullen issued a warrant for the arrest of the accused.

Home Again.—Mr. William Semple, the well known dry goods merchant of Allegheny city, has arrived home after a pleasant visit to the old continent. His many friends will be glad to learn that he was much benefitted by his foreign journey, and enjoys excellent health.

Back Again.—Officer Scott, who was on the police force under Mayor Morrison, but has lately been serving as independent policeman under Alderman Mullen, is again doing duty on the regular force. Mr. Scott takes the place made vacant by the resignation of officer J. B. Stewart.

Fire in Birmingham.—Some refined oil in a tank located in the yard of Duncan, Williams & Co.'s refinery, on Carson street, East Birmingham, took fire about six o'clock on Monday evening. The fire burned for several hours, but beyond the loss of the oil, no damage was done.

Irving Institute.—A first-class, select classical school for Young Ladies, Bissell's block, Nos. 10, 12 and 14 St. Clair street. For circulars call at the book stores or address the Principals, Mrs. E. A. Smith, 31 Lincoln avenue, Allegheny City, Pa., or Miss M. Markham, 282 Penn street, Pittsburgh, Pa,

Almost a Fire.—Considerable excitement was created Monday evening at the Hope Oil Refinery, in Brownstown, in consequence of a leak in one of the stills. About six o'clock the gas escaping from the leak took fire and was only extinguished by drawing the oil from the still. No damage was done.

Disorderly.—Officer Kennedy arrested a man named Robert Waters, who was acting in a disorderly manner in the streets of Allegheny last evening. The fellow made a stout resistance but was finally locked up and yesterday morning fined ten dollars, in default of which he was committed to jail for ten days.

Struck by a Locomotive.—George F. Clark, a resident of Birmingham, while walking on the track of the Pennsylvania Railroad near Tyrone, was struck by the locomotive of an emigrant train. His skull was broken and he received other serious injuries, which, although every effort was made for his relief, will probably prove fatal.

Thanks.—The monotonous toils and perplexities of editorial life were somewhat relieved last evening by a delightful serenade, with which our office was favored from the Central Grant and Colfax Glee Club. We return our thanks to the gentlemen composing the Club, and wish them every success with their patriotic organization.

False Pretence.—Frank Robinson made information before Justice Ammon yesterday, charging Peter Godell with obtaining goods under false and fraudulent representations. The prosecutor is proprietor of a grocery in Brownstown, and he alleges that the accused obtained groceries to the amount of $25 by false representations. A warrant was issued.

Benefit Pic-Nic.—A grand pic-nic will be given at Monitor Grove to-morrow (Thursday), the 13th instant, for the benefit of A. Buckalew, who was recently injured on the Pittsburgh, Fort Wayne & Chicago Railway. Dixey's string band will furnish the music, and as the managers are energetic and gentlemanly men, a good time may be anticipated.

Abused a Woman.—Mary Potter, of the Sixth ward, made information before Alderman Thomas, yesterday, charging Louis Rozenberg with assault and battery. She alleges that the accused came to her residence and beat her in a shameful manner. He was arrested, and after a hearing was committed to jail in default of bail for his appearance at Court.

Collecting Rent.—Henry Bean, a tavern keeper in McClure towhship, made information before the Mayor charging Levi Segrist with obtaining money under false pretence. He alleges that accused by false representation collected $65, the amount of rent due by him, by stating that he was the agent of the landlord. A warrant was issued for his arrest.

Postponed.—The Temperance men were to have held a Convention in Templars Hall, yesterday, for the purpose of putting in nomination a candidate for County Commissioner, but the Committee having the matter in charge thought it best to postpone the meeting. The design is now, if it takes place at all, to hold it some time in the early part of September.

Aggravated Assault.—James O'Halloran made information yesterday morning before Alderman Strain against Micheal Connolly for aggravated assault and battery. The prosecuter alleges that defendant hit him on the head with a brick or bottle, inflicting a very severe injury. The accused was held for trial.

Larceny by Bailee.—William Sherman made information before Alderman Thomas, yesterday, charging Frank Rollinger with larceny by bailee. The parties reside in Butler county, and it appears that Rollinger borrowed a singletree from the prosecutor which he neglected to return. He was arrested, after which the matter was amicably settled.

Child Injured.—A little daughter of Mr. Fischer, residing at Girty's Run, while attempting to climb upon a wagon loaded with stone slipped and fell under the wheel, which passed over both her legs, breaking the right thigh in three places and crushing the left ankle joint, and the right hand and arm. She was conveyed to her home and Dr. Buvinger, of Lawrenceville, summoned to attend the injuries.

Domestic Trouble.—Ellen Packer made information before Alderman Thomas yesterday, charging her husband, David Packer, with assault and battery. Margaret Lewis, at the same time and place, preferred a similar charge against her husband, John Lewis. The husbands were arrested, but before the cases had proceeded to a hearing the kind-hearted wives relented, the charges were withdrawn, and the accused discharged.

Daddy Deihl Again.—The inevitable Daddy Deihl was arrested while acting in a disorderly manner in the Allegheny market house yesterday morning. Daddy seemed very anxious to repose for awhile amid the tranquil shades of the county jail, and earnestly besought the Mayor to give him a commitment, and he would go over "all the way by himself, that he would." Daddy was locked up until this morning, when doubtless his request will be complied with.

Attempted Robbery.—About ten o'clock on Monday night an attempt was made by some unknown ruffian, to rob Samuel Brown, a young man residing with the Rev. Mr. Wilson, of Calvary Church, East Liberty. Mr. Brown was walking along Negley avenue, and when near McCullough's lane, the ruffian caught him by the throat and struck at him with a knife, cutting through his clothing. Brown fortunately carried a walking stick with which he struck his assailant across the face, forcing him to release his hold, thereby effecting his escape.

The Society of the "Roundheads."—The second annual meeting of this society will be held at Washington, Pa., on September 7th. Some distinguished visitors are expected, among whom is General Burnside, late commander of the Ninth Army Corps, to which the 100th Regiment P. V. V. was attached. An address will be delivered before the society by General Leasure, of New Castle. As the entire regiment is embraced in this society, a large meeting is anticipated.

Serious Accident.—Patrick Donahue, employed at the establishment of W. W. Wallace, on Liberty street, met with a serious accident yesterday morning. He was engaged in hoisting a piece of marble to the second floor through the hatchway when the ropes became entangled, and in attempting to disengage them he fell through the hatch to the floor beneath, fracturing one leg and receiving serious internal injuries. Medical assistance was called in at once and the injured man properly cared for.

Alleged Felonious Assault.

Robert Hendrickson, proprietor of a public House on Chestnut street, Fourth ward, Allegheny, made information before Alderman Mullen on Monday evening against Matthew Zerhart for felonious assault and battery. The prosecutor alleges that the defendant came to his house and became noisy, when he was told to be quiet. Continuing to act disorderly Hendrickson attempted to put him ont, when he was struck under the eye with a mace and knocked down. A daughter of the prosecutor who endevored to assist her father was also struck. After a heraing in the case, Zerhart was held to bail for trial.

Alleged Larceny.

James Semmes was arrested yesterday afternoon by officers Kingan and Gabby of the Allegheny police for the larceny of a silver watch from Henry Stork. The particulars of the case are about as follows: Stork, who was in an intoxicated condition, was taken up on Ohio street and conveyed to the lock up. When he arrived there he stated that he had lost his watch and accused Semmes of taking it. The officers had noticed the accused in company with Stork a short time before on Ohio street and immediately started in pursuit. They traced him over the Mechanics street bridge and arrested him on O'Hara street, near Penn. The accused will have a hearing this morning.

Runaway in Allegheny.

A horse attached to a light wagon, in which were seated Mr. John Meyer and his little son, took fright yesterday morning on North avenue and ran away. Mr. Meyer jumped out of the vehicle and endeavored to check the animal while running alongside, but all his efforts were unsuccessful. After running a short distance the apparatus upset, throwing the little boy violently to the ground and prostrating Mr. Meyer under the wreck. His injuries are not of a serious character, consisting only of a few trivial bruises and scratches. The boy, however, is very dangerously injured, being severely crushed internally and it is probable that his injuries will prove fatal. Mr. Meyer resides in Reserve township.

Masonic Pic-Nic.

A grand basket pic-nic will be given at Moyce's Grove, Thursday, the 20th inst., under the auspices of the Masonic Fraternity of this city and Allegheny. The Committee of Arrangements comprises some of the principal men in both cities, and from the manner in which the affair is being conducted, its success is reduced to a certainty. The grove is situated on the line of the West. Penn'a. Railroad, a short distance from the city, and special trains will be run for the accommodation of all who desire to visit the grove. The Masonic Fraternity here, as well as in other localities, in affairs of this kind, leave nothing undone calculated to add interest to the occasion. The card of invitation is one of the most elegant of the character we have yet seen, and we presume the pic-nic will be in perfect keeping with it.

A Narrow Escape.

James Fleming, a lad about twelve years of age, came very near losing his life at Latrobe, on Monday night, about eleven o'clock. It appears that young Fleming who resides at Wheeling, was at the station looking for the mail train to come along, which was to convey him to this city on his way home. When the mail arrived he climbed up between two of the cars of a freight train which was on the siding waiting for the mail to pass, and endeavored to go over to the other train. Just at this juncture the freight train suddenly backed and the boy falling, was caught between the bumgers and his right leg horribly crushed and lacerated, although no bones were broken. The injured boy, accompanied by an elder brother, was brought to this city yesterday morning, and was taken to the residence of another brother on Pennsylvania Avenue, where he is at present receiving medical attention.

THE CITY SCHOOLS.

Meeting of the Central Board of Education.

A regular monthly meeting of the Central Board of Education was held at two o'clock P. M., yesterday, at the rooms of the Board, corner of Sixth and Wood streets.

Members present: Messrs. Chadwick, Covert, Craig, Getty, Harrison, Laufman, Mays, Nobbs, Sergeant, Taylor, Wilson and Brush, President.

The meeting was called to order by Mr. Jared M. Brush, President of the Board; John A. Sergeant, Secretary.

The minutes of the preceding meeting were read and approved.

Mr. Sergeant presented the resignation of James McAuley, Fourth ward, which was read and accepted.

Also the credentials of Dr. T. W. Shaw, from the Fourth ward Board, who was elected to fill the vacancy occasioned by the resignation of Mr. McAuley. The credentials were received and accepted, and Mr. Shaw declared a member of the Central Board and invited to a seat.

Mr. Luckey stated that by a resolution of the Third ward Board he had been requested to make arrangements for having the census of the city taken for school purposes. That he had requested the Mayor to allow the police to be used for that purpose. The Mayor had taken into consideration the proposition, but as yet had not given him any definite answer. He hoped that the Board would pass a resolution requesting the Mayor to give the matter his attention.

Mr. Nobbs thought the police would not do the matter as it should be done.

Mr. Lucky stated that his only object in making the proposition was with a view to saving money for the city.

Mr. Mays moved that the Secretary be directed to request the Mayor to give the matter his attentiou.

After considerable discussion the motion was withdrawn.

Mr. Taylor submitted the following resolution:

Resolved, That the collectors of the several districts be employed to enumerate all the children in their respective districts in accordance with the instructions of the State Superintendent, and report the same to the City Superintendent.

The resolution was adopted.

Mr. Mays moved that the City Superintendent be instructed to furnish the Collectors with the necessary blanks. Adopted.

Mr. Harrison moved that the compensation of the collectors be fixed at two cents per name.

Mr. Taylor moved to amend by fixing it at one cent.

Mr. Craig suggested that the compensation be fixed at one cent in the old city districts and Lawrenceville, and two cents in the new districts.

Mr. Sergeant said that the expense incurred would be much greater than was expected. There were in the old city about eight thousand attending school, and that there was probably one-third of the children not attending the schools.

The original motion and amendment were withdrawn, and Mr. Craig moved that the compensation be fixed at one cent per name. Adopted.

The Secretary reported that warrants to the amount of $1,115.85 had been issued by him during the past month.

The report was accepted.

The following bills were presented and ordered to be paid:

J. D. Thompson	$13,25
Wm. Barnes	4,50
H. J. Lynch	11,69
Reineman, Meyran & Seidle	35,10
W. G. Johnston & Co	20,31
McElroy & Co	5,00

The report of the Committee on Teachers and Salaries presented at the previous meeting was then taken up.

Mr. Laufman moved to reconsider the action of the Board at the last meeting relative to Collins Independent district. The motion was adopted.

He then moved that the teachers in that district be as follows: One Principal of the second grade, two in the Grammar, two in the Intermediate and three in the Primary Departments. The motion was adopted.

Mr. Harrison moved that the report of the Committee on Salaries be adopted.

Mr. Wilson moved to amend the report by fixing the salaries as follows:

Principals, first grade	$1400,00
Grammar Department	525,00
Intermediate Department	475,00
Primary Department	475,00
Principal of High School	1800,00

Mr. Craig opposed the amendment. He said that the amendment would require more money than the Board could afford to expend in the increase of salaries.

Mr. Getty said he was in favor of the report of the Committee, with the exception of that relating to the Primary Department, where he said the most labor was required. He thought they should receive more compensation.

Mr. Sergeant said that in the majority of cases the primary departments were filled by young and inexperienced teachers, and they were not entitled to as much compensation as those who had spent five or ten years in the business.

Mr. Nobbs opposed the amendment. He said that in his district teachers were not kept long in the primary department; that if found competent they were all promoted, and if not they were discharged.

Mr. Mays said that the primary teachers were not fully compensated for the amount of labor done, and he therefore moved, as an amendment to Mr. Wilson's amendment, that where teachers had been employed in the primary department for three years they should receive the same pay as teachers in the intermediate department.

Mr. Wilson's amendment was taken up *seri atim*.

The motion to fix the salaries of principals of the first grade at $1,400 was lost, and the question then recurring on the report of the committee, it was adopted.

The same result was arrived at relative to teachers in the grammar and primary departments.

Mr. Mays' amendment was then taken up.

Mr. Wilson accepted the amendment of Mr. Mays.

Mr. Craig submitted the following as a substitute to the amendment:

Resolved, That teachers who have been employed in the city schools for a term of three years shall receive $450, and for a term of five years shall receive $475, on recommendation of the Ward Boards.

The resolution was adopted.

Mr. Wilson withdrew his motion relative to the principal of the high school.

The report of the Committee was then adopted as amended.

The President stated that in consequence of the absence of two of the members of the Committee on colored schools Mr. Mays the remaining member was unable to attend to the duties devolving upon him.

On motion Mr. Nobbs was added to the Committee on colored schools.

The report of the Committee on Salaries and Teachers relative to the employment of teachers of music, for the city schools, one principal and two assistants at salaries of $1000 and 800 respectively, was then taken up.

Mr. Covert moved to amend the report by dividing the city into three districts and fix the salary at $800 each.

Mr. Nobbs thought them insufficient and moved as a substitute that there be four districts and four teachers employed at a salary of $800.

The amendment of Messrs. Covert and Nobbs were withdrawn.

Mr. Getty moved to amend by fixing the salaries at $900.

The amendment carried and the report as amended was adopted.

On motion, Messrs. Craig, Covert and Getty were elected a Committee on Music.

A communication from Mr. Sacket, late Principal of the Colored School, requesting a recommendation from the Board for a permanent certificate, was received.

Mr. Lucky, City Superintendent, stated that the case did not come within the provisions of the law, which provided that the applicant must have been teaching in the district for three years last preceding the time of application.

No action was therefore taken in the matter.

On motion of Mr. Craig, Mr. George J. Lucky, Superintendent, was declared *ex officio* member of the Board and invited to take part in the proceedings.

Mr. Chadwick, of Collins township, moved that the $1,575 to which the Remington and Riverside schools were entitled be equally divided between them.

The motion was lost.

Mr. Covert, of the Committee on High Schools, presented a verbal report, which was received and, on motion, the Committee continued.

On motion, adjourned.

Anti-Consolidation Movement.

The Candidates for Assembly Asked to Pledge Themselves to Protect Allegheny City Against Undue Legislation.

The annexed paper asking the Republican candidates for Assembly to pledge themselves to vote against any measure which may be introduced in the Legislature with a view to forcing a consolidation of the two cities against the will of a majority of the citizens of Allegheny, is being circulated and extensively signed through that city:

GENTLEMEN: It being commonly reported that in consequence of the district north of the Allegheny river being left without an immediate Representative on the Assembly ticket, a favorable opportunity is afforded, and is being eagerly seized upon and improved by certain parties in the interest of the city of Pittsburgh for the accomplishment of their long-cherished scheme of consolidating the city of Allegheny with Pittsburgh; and the city of Allegheny with the district of which she is the principal part, having at a late election, by a most overwhelming majority, declared against consolidation with the city of Pittsburgh, and asserted her desire to maintain her municipal independence; and furthermore, having in all her past history as a corporation evinced her capacity for self-government—as one proof of which she proudly points to her position as third city in the State—her citizens feel that she has nobly earned a right to a place among the cities of the Union, and that to blot her name from the roll, or to incorporate her with a city from which she is separated by the emphatically expressed will of her people, as well as by the barriers which nature has thrown between her and her envious rival, would savor strongly of a despotic age and would be a step which our Legislature would hesitate to take.

Moved by these threatening rumors, we turn to you, gentlemen, candidates for Representatives of Allegheny county, and ask your pledge to vote against any measure which may be introduced into the Legislature having for its object the taking away of our chartered privileges, either wholly or partially, by consolidation absolute or conditional, until a majority of the citizens shall signify their readiness to relinquish them.

The St. Clair Bawdy House Case.

The Harrision street bawdy house case came up for a hearing before Alderman McMasters yesterday, and attracted a large attendance of prominent representatives of the male sex varying in age from sixty down to fifteen. The defendants drove up to the door of the magistrate in grand style. They were dressed neatly and with considerable taste but bore unmistakable marks of the depraved life they are leading. They had able counsel to represent them and waiving a hearing entered bail for appearance at Court. It was wonderful to see with what avidity rich gentlemen came forward and disputed for the privilege of going bail for the frail ones, and when a young professional gentleman of the pill box school had the honor annexed him, the other contestants looked chop-fallen and disappointed. The case will probably attract as much attention as the Bliss trial, but the house was by no means frequented by as good a class of swell, being of a low order.

Resisting an Officer.

Officer Joseph Cupples, of the Mayor's police, made information before the Mayor yesterday, charging Andrew Shehan with assault and battery. It appears that Shehan had imbibed too freely of "benzine," or some other exhilerating fluid on Monday evening, and as is usually the case under the circumstances, became exceedingly boisterous. He was passing along Liberty street, in the vicinity of the Union Depot, amusing himself by battering every person he met over the head with his hat. Officer Cupples, who was on duty in that locality, requested him to desist, but he only became more boisterous, and was finally taken into custody, whereupon he resisted the officer and struck him several times. He was conveyed to the lock-up, but was released on bail yesterday morning, whereupon he made information before Alderman Strain charging the officer with assault and battery, and the officer in turn made information against him as stated above. A warrant was issued for his arrest.

Heard From.

Our readers will remember the sudden disappearance of an Allegheny butcher named William Plankington, the circumstances of which were published in the GAZETTE about ten days since. Every effort was made by the friends of the missing man to ascertain his whereabouts, but they were unsuccessful, and the search had been given up. Yesterday his wife received a letter from him, which came from a town in West Virginia about fifty miles below Pittsburgh on the Ohio river. The writer explained his mysterious disappearance by stating that on the Saturday he left the city he was disappointed in receiving a sum of money which he expected, and the circumstance so weighed upon his mind as to cause him to wander away. He states that he walked the whole distance between the city and the town from which the letter is dated. He is on his way home, and will doubtless be among his friends in a few days.

Graffenburg Springs.

Rev. I. G. Geitterman, of Allegheny city, and Jas. D. Carlisle, Esq., are at present rusticating at Graffenburg Springs, near Caledonia Furnace, (owned by Thadeus Stevens) Adams county, Penna., a place celebrated for its pure, healthy mountain air, and pure water, which seems to cure all diseases that flesh is heir to, especially are the Springs attractive to the angler, for the many mountain streams are alive with trout—big trout. The gentlemen named write to their friends that over one thousand have been caught this season! They had the glory of catching the *largest* trout of the season, measuring in length over fourteen inches, and around the body, eight inches, and weighing over one and three-quarter pounds. They speak of the hotel accommodations being excellent, and charges very reasonable. The landlords are obliging and willing to go to any trouble for the comfort or pleasure of their guests.

Kensington Social Club.—A grand social pic-nic will be given at Glenwood Grove on Friday, the 14th inst., by the Kensington Social Club. The Kensington boys know how to entertain their friends, and from the efficient corps of managers, prominent among whom is the representative from the "Panhandle district," the entertainment will doubtless prove a complete success. Trains will leave the Connellsville Depot for the pic-nic grounds at 8:45 and 11 A. M., 12:45, 3 and 4:30 P. M. The last train returns at 7 P. M.

THE MAYORALTY.

James Robb, Esq., Called out as a Candidate—The Correspondence.

PITTSBURGH, August 8th, 1868.

MR. JAMES ROBB, ESQ., *Sir*: We, the undersigned Republicans and Citizens of this City, hereby ask permission to use your name as a Candidate for the Office of Mayor of this City, to be supported by the Republican voters at the coming primary election.

Our reasons for the foregoing request, is our knowledge of you as an old and tried Republican; your unquestionable reputation for honesty of purpose and moral integrity; your long business experience among us, and thorough knowledge of our City and its requirements, and your being fresh from the people and unconnected with any political clique or local ring.

We therefore confidently hope you will comply with this request, and we pledge you our hearty and energetic support, hoping you will let us hear from you at your earliest convenience.

[Signed by many Republican voters.]

MR. ROBB'S REPLY.

PITTSBURGH, August 10, 1868.

To Messrs. R. B. Carnahan, H. J. Lynch, Gen. J. B. Sweitzer, H. W. Oliver, Jr., Isaiah Dickey, Thos. H. Lane, James McLean, J. E. Johnston, Col. D. Morris, Jas. B. Hill, B. Wolff, Jr., James M. Sleith, Dr. A. G. M'Candless, Capt. Wm. Mays, Wm. Douglas, S. Dalzell, J.G. Patterson, H. P. Ford, F. B. M'Connell, Jas. Scott, Willis Booth, and others:

Gentlemen:—Your requisition on me to become your candidate for the office of Mayor of our city, subject to the decision of the Union Republicans at the forthcoming primary election, is received. I am deeply gratified for the high toned compliment contained in the call, and the allusion to your knowledge of me as an old and tried Republican, of my honesty and moral integrity, business experience, thorough acquaintance with our city and its requirements, and of my coming fresh from the people as one of them, free from all cliques and rings. While humbly acknowledging your high compliments, I feel that from a residence of more than thirty-six years in this city, thirty-three of which I have been in active business and constant intercourse with my fellow citizens of all shades of opinion, and having had four years experience in the City Councils, I have formed a just appreciation and knowledge of the essential qualifications required of one called to the position of Chief Magistrate of this great and rapidly extending city. From the honest promptings of my heart I have always held the principles of the Republican party, and have always labored, so far as was in my power, to advance and sustain its great objects.

If through the unsolicited and generous endeavors of my friends I am nominated as the candidate of the Republican party I will unhesitatingly accept the flattering compliment, and, should the nomination be ratified by election at the hands of my fellow citizens, I will use my best exertions to properly discharge the important duties of the position, preserve the public morals, execute the laws faithfully and with justice and promote the best interests of the city.

In permitting my name to go before my fellow-citizens for office, I do so with the full hope that the nomination will be awarded me; but should the people out of their wisdom and justice see proper to award the compliment to any other citizen, I shall use my best exertions to secure the triumph of the gentleman so honored.

Again thanking you for the generous expression regarding my personal merits and qualifications for the office of Mayor, I am, with much respect,

Your obedient servant,
JAMES ROBB.

MORTGAGES.

In the West.

The Cleveland *Leader* says:

"Mat. Green, Chief of the Pittsburgh police, has been in this city for three or four days working up a very difficult case. We are able to state that he has nearly completed his labors, which have so far been crowned with flattering success."

Mr. Green is looking up the plunder of the alleged youthful burglars now confined in jail awaiting a hearing on the charge of robbing the music store of Barr, Knabe & Buettler. Part of the goods were found at Cleveland, but it is thought a shipment was made also to Detroit. The Chief will undoubtedly bring home all the missing plunder.

Chapped Hands, face and all roughness of the skin, certainly cured by using the *Juniper Tar Soap*, made by Caswell, Hazard & Co., New York. It surpasses all other remedies as it will prevent roughness of the skin if used during cold weather. It is easily applied, avoiding all the trouble of the greasy compounds now in use. It can be used by ladies with the most tender skin, without irritation or pain, making it soft and clear. Sold by the druggists generally. wT

The gentlemen will be pleased to learn that at W. W. Moorhead's fashionable trimming store, No. 81 Market street, the elegant stock of general furnishing goods, such as dress shirts, under garments, collars, cuffs, ties, scarfs, &c., has been reduced in prices in order to close out for new goods.

One of the Mayor's Police Says Chronic Catarrh had Reduced Him in Weight to 141 Pounds, and that Under Proper Treatment He has Been Relieved of the Distress, and has Gained Twenty-two Pounds, now Weighing 163 Pounds.

I certify that I had been dangerously afflicted with chronic catarrh of the head, which reduced me in weight to 141 pounds; I tried several physicians without avail, and had lost nearly all hope of ever being cured, or even receiving any benefit, being frequently confined to bed for six weeks at a time. I was induced to apply to Dr. Aborn, of 134 Smithfield street, on the 24th of March last, and it affords me great pleasure to state that I have been constantly gaining since I placed myself under the Doctor's skilful treatment, and have gained twenty-two pounds of healthy flesh, and, indeed I look and feel like a new being, many of my friends scarcely recognizing me, such a marvelous change having been wrought in my health.

WM. E. FLINN,
City officer, under Mayor Blackmore.
Residence, Fifth ward, Pittsburgh Pa.
